of 12 December 1988

(89/7/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 70/458/EEC of 29 September 1970 on the marketing of vegetable seed [1], as last amended by Directive 88/380/EEC [2], and in particular Article 13 (3), second and fourth subparagraphs,

Having regard to the request made by the Kingdom of Spain,

Whereas Article 13 (1) of Directive 70/458/EEC provides that official acceptance granted to varieties of vegetable species in a Member State before 1 July 1972 shall be valid until 30 June 1982 at the latest;

Whereas Directive 88/380/EEC provides that:

— in the case of varieties for which acceptance has been granted before 1 July 1972, or, with regard to Denmark, Ireland and the United Kingdom, before 1 January 1973, this period may be extended until 30 June 1990 for individual varieties, where official measures organized on a Community basis have been taken before 1 July 1982 in order to ensure that the conditions for the renewal of their acceptance or for the acceptance of varieties derived from them are met,

— with regard to Greece, Spain and Portugal, the expiry of the acceptance period for certain varieties for which acceptance has been granted in those Member States before 1 January 1986 may, at the request of those Member States, also be fixed for 30 June 1990;

Whereas, accordingly, the varieties which satisfy the abovementioned conditions should be identified and the period of validity of their official acceptance determined in accordance with Directive 88/380/EEC;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Seeds and Propagating Material for Agriculture, Horticulture and Forestry,
