COMMISSION DECISION

of 3 December 1991

establishing the model for the message to be transmitted by means of the computerized network 'Animo'

(91/637/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market [1], as last amended by Regulation (EEC) No 91/496/EEC [2], and in particular Article 20 (3) thereof,

Whereas on 19 July 1991 the Commission adopted Decision 91/398/EEC on a computerized network linking veterinary authorities (Animo) [3];

Whereas, in order to ensure the smooth functioning of the network, a model should be established for the message to be transmitted by the competent veterinary authorities;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

The message to be transmitted by means of the computerized network Animo shall be in accordance with the model in the Annex.

▼M1

Article 2

The Commission shall update the application software with a view to the inclusion of information relating to the protection of animals and the trends in the various computer files needed for application. The Commission shall make the updated software available to the Member States no later than 1 March 1995.

ANNEX

Message number:

1. **ORIGIN**
   - — Date of transmission:
   - — Expected date of departure:
   - — Expected time of departure:
   - — Name of consignor:
   - — Place of departure (Country code, unit code, name of locality, postal code):
   - — Health certificate:
     - — number
     - — date
   - — Name of veterinarian signing the certificate:

2. **DESTINATION**
   - — Country code — unit code:
   - — Name and address of consignee:
   - — Place of destination (country code — unit code, name of locality, postal code)

3. **MERCHANDISE**
   - — Type — code
   - — Number/quantity

4. **MEANS OF TRANSPORT**
   - — Type of transport
   - — Identification of the means of transport (lorry registration, wagon number, flight number, name of vessel, container number, etc.)

5. **OBSERVATIONS**
   - — For frontier inspection posts: origin of animals and products
   - — For export to a third country: name of third country of destination
   - — Where animals have not left their place of origin:
     - — ‘replaces message number …’ / ‘cancels message number …’
