COMMISSION

COMMISSION DECISION

of 11 February 1991

adopting the 1991 plan allocating to the Member States resources to be charged to the 1991 budget year for the supply of food from intervention stocks to designated organizations for distribution to the most deprived persons in the Community

(91/81/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3730/87 of 10 December 1987 laying down the general rules for the supply of food from intervention stocks to designated organizations for distribution to the most deprived persons in the Community [1],

Having regard to Commission Regulation (EEC) No 3744/87 of 14 December 1987 laying down the detailed rules for the supply of food from intervention stocks to designated organizations for distribution to the most deprived persons in the Community [2], as last amended by Regulation (EEC) No 2736/89 [3], and in particular Article 2 thereof,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy [4], as last amended by Regulation (EEC) No 2205/90 [5], and in particular Article 2 (4) thereof,

Whereas, in order to implement the scheme for the supply of such food to the most deprived section of the population, to be financed from resources available in the 1991 budget year, the Commission must adopt a plan; whereas this plan should indicate in particular the quantity of products by type that may be withdrawn from intervention stock for distribution in each Member State and the financial resources made available to implement the plan in each Member State; whereas this plan should also indicate the level of appropriations to be reserved to cover costs of intra-Community transport of intervention products as referred to in Article 7 of Regulation (EEC) No 3744/87;

Whereas for the 1991 scheme all Member States, except Germany, have provided the information required in accordance with the provisions of Article 1 (3) of Regulation (EEC) No 3744/87;

Whereas, in order to facilitate the implementation of this scheme, it is necessary to specify the rates of exchange to be employed in converting the ecu into national currencies and to do so at rates which reflect economic reality;

Whereas the Commission has already taken several Decisions allocating resources to be charged to the 1991 budget to a number of Member States;

Whereas the appropriations available to implement the plan in 1991 are now known; whereas it is necessary, in order to help optimize the utilization of budget appropriations to take account of the degree to which the various Member States used the resources allocated to them in 1989 and 1990, but to do so in a manner which does not prejudge any possible further allocations relating to 1991;

Whereas, in accordance with the provisions of Article 1 (4) of Regulation (EEC) No 3744/87, the Commission has sought the advice of major organizations familiar with the problems of the most deprived persons in the Community when drawing up this plan;

Whereas the measures provided for in this Decision are in accordance with the opinion of the relevant management committees,

HAS ADOPTED THIS DECISION:
