of 12 December 1991

on the small-scale fisheries zonal plan (1991 to 1992) submitted by Spain in accordance with Regulation (EEC) No 4028/86

(Only the Spanish text is authentic)

(92/29/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 4028/86 of 18 December 1986 on Community measures to improve and adapt structures in the fisheries and aquaculture sector [1], as last amended by Regulation (EEC) No 3944/90 [2], and in particular Article 4 (4) thereof,

Whereas the Spanish Government submitted to the Commission, on 29 May 1991, a small-scale fisheries zonal plan, hereinafter referred to as the 'plan'; whereas it has since submitted additional information on this plan;

Whereas it is necessary to examine whether the plan fulfils the conditions laid down in Article 2 (5) and (6) of Regulation (EEC) No 4028/86 and can constitute a framework for Community and national financial measures in the small-scale fisheries sector;

Whereas, particularly in view of respecting a reduction in the overall capacity of the fishing fleet provided for in Regulation (EEC) No 4028/86, it is necessary to limit Community aid to final cessation of vessels and the modernization of the small fleet, while meeting the needs of the sector for small-scale fisheries as set out in the plan presented to the Commission with Community participation for part of the necessary finances;

Whereas the Standing Committee for the Fishing Industry has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS DECISION:
