COMMISSION DECISION

of 27 August 1993

adopting the plan allocating to the Member States resources to be charged to the 1994 budget year for the supply of food from intervention stocks for the benefit of the most deprived persons in the Community

(93/484/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3730/87 of 10 December 1987 laying down the general rules for the supply of food from intervention stocks to designated organizations for distribution to the most deprived persons in the Community [1], and in particular Articles 1 and 6 thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy [2], and in particular Article 3 (4) and Article 6 (2) thereof,

Whereas Commission Regulation (EEC) No 3149/92 [3] lays down detailed rules for the supply of food from intervention stocks for the benefit of the most deprived persons in the Community;

Whereas in order to implement the scheme for the supply of such food to the most deprived section of the population, to be financed from resources available in the 1994 budget year, the Commission must adopt a plan; whereas this plan should indicate in particular the quantity of products by type that may be withdrawn from intervention stock for distribution in each Member State and the financial resources made available to implement the plan in each Member State; whereas this plan should also indicate the level of appropriations to be reserved to cover costs of intra-Community transport of intervention products as referred to in Article 7 of Regulation (EEC) No 3149/92;

Whereas for this scheme all Member States, except Germany, have provided the information required in accordance with the provisions of Article 1 of Regulation (EEC) No 3149/92;

Whereas in order to facilitate the implementation of this scheme the conversion rates to be applied to the budgetary limits which have been set should be specified;

Whereas it is necessary in order to help optimize the utilization of budget appropriations to take account of the degree to which the various Member States used the resources allocated to them in 1991, 1992 and 1993;

Whereas in accordance with the provisions of Article 2 (2) of Regulation (EEC) No 3149/92 the Commission has sought the advice of major organizations familiar with the problems of the most deprived persons in the Community when drawing up this plan;

Whereas the measures provided for in this Decision are in accordance with the opinions of the relevant management committees,
