COMMISSION

COMMISSION DECISION

of 21 March 1994

amending Decision 93/70/EEC on codification for the message Animo

(94/295/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning the veterinary and zootechnical checks applicable to intra-Community trade in certain live animals and products with a view to the completion of the internal market [1], as last amended by Directive 92/118/EEC [2], and in particular Article 20 (3) thereof,

Whereas, to ensure that the Animo message is immediately understood, the Commission specified the codes to be used for a number of animals and products in Decision 93/70/EEC [3];

Whereas in the light of point (b) of Article 11 (4) of Council Directive 90/675/EEC of 10 December 1990 laying down the principles governing the organization of veterinary checks on products entering the Community from third countries [4], as last amended by Directive 92/118/EEC, and of Article 4 (3) of Commission Decision 93/13/EEC of 22 December 1992 laying down the procedures for veterinary checks at Community border inspection posts on products from third countries [5], as amended by Decision 94/43/EC [6], and of point (b) of Article 1 (3) and the fourth indent of point (d) of Article 3 of Commission Decision 93/14/EEC of 23 December 1992 laying down the methods of veterinary checks for products from third countries in free zones and free warehouses, in customs warehouses, as well as during the time of transport from one third country to another via the Community [7], Decision 93/70/EEC should be completed by codes for certain products;

Whereas the fact that certain products are included in the codification does not mean that a message has to be sent by means of the computerized Animo network;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

Decision 93/70/EEC is amended in accordance with the Annex hereto.

Article 2
