COMMISSION

COMMISSION DECISION

of 9 December 1994

on a common technical regulation for attachment requirements for terminal equipment interface for ONP 64 kbit/s digital unstructured leased line

(94/821/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/263/EEC of 29 April 1991 on the approximation of the laws of the Member States concerning telecommunications terminal equipment, including the mutual recognition of their conformity [1], as amended by Directive 93/68/EEC [2], and in particular Article 6 (2) thereof,

Whereas the Commission, in accordance with the procedure laid down in Article 14 of Directive 91/263/EEC, and in particular in accordance with the opinion delivered on 23 April 1992 by the Approvals Committee for Terminal Equipment (ACTE), has adopted the measure identifying the type of terminal equipment for which a common technical regulation is required as well as the associated scope statement;

Whereas the relevant standardization body has prepared the harmonized standards implementing the essential requirements applicable;

Whereas the Commission has submitted the draft measure of an opinion of the ACTE in accordance with the second indent of Article 6 (2) of Directive 91/263/EEC;

Whereas the Commission, under the terms of the second indent of Article 6 (2) of Directive 91/263/EEC, is responsible for adopting the corresponding harmonized standards implementing the essential requirements which shall be transformed into common technical regulations;

Whereas the measures provided for in this Decision are in accordance with the opinion of the ACTE,

HAS ADOPTED THIS DECISION:

Article 1

1. This Decision shall apply to terminal equipment intended to be connected to the network termination point of ONP 64 kbit/s digital unstructured leased lines using 120 ohm interfaces and falling within the scope of the harmonized standard identified in Article 2 (1).

2. This Decision establishes common technical regulations covering the attachment requirements for terminal equipment interface to the ONP leased line identified in paragraph 1.

Article 2

1. The common technical regulation shall inlcude the harmonized standard having been prepared by the relevant standardization body, but shall limit themselves to the essential requirements referred to in points (c), (d) and (f) of Article 4 of Directive 91/263/EEC. The reference to this standard is set out in the Annex.

2. Terminal equipment falling within this Decision shall comply with the common technical regulations referred to in paragraph 1, shall meet the essential requirements referred to in points (a) and (b) of Article 4 of Directive 91/263/EEC, and shall meet the requirements

[1] OJ No L 128, 23. 5. 1991, p. 1.
[2] OJ No L 220, 31. 8. 1993, p. 1.

of any other applicable directives, in particular Council Directives 73/23/EEC [1] and 89/336/EEC [2].

Article 3

Notified bodies designated for carrying out the procedures referred to in Article 9 of Directive 91/263/EEC shall, as regards terminal equiment covered by Article 1 (1) of this Decision, use or ensure the use of the harmonized standard referred to in the Annex by the date on which this Decision takes effect at the latest.

Article 4

This Decision is addressed to the Member States.

Done at Brussels, 9 December 1994.

For the Commission
Martin BANGEMANN
Member of the Commission

ANNEX

Reference to the harmonized standard applicable

The harmonized standard referred to Article 2 of the Decision is:

Business Telecommunications (BT)
Open Network Provision (ONP) technical requirements;
64 kbit/s digital unstructured leased line (D64 U)
Attachment requirements for terminal equipment interface
