(96/358/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Decision 95/527/EC of 8 December 1995 on a Community financial contribution towards certain expenditure incurred by the Member States implementing the monitoring and control systems applicable to the common fisheries policy [1], and in particular Article 6 thereof,

Whereas Article 2 (3) of Decision (EC) No 95/527/EC provides that the Community financial contribution may relate to eligible expenditure intended for the training of national officers connected with control activities; whereas Commission Decision No 96/286/EC of 11 April 1996, laying down detailed rules for the application of Decision (EC) No 95/527/EC on a Community financial contribution towards certain expenditure incurred by the Member States implementing the monitoring and control systems applicable to the common fisheries policy [2], lays down the detailed rules for determining the amounts of expenditure eligible for training purposes;

Whereas pursuant to Article 5 of Decision No 95/527/EC certain Member States have forwarded to the Commission applications for funding for 1996, part of which relates to expenditure on the training of national officials;

Whereas the expenditure eligible for training national officials connected with control activities and the rate of the Community contribution to that expenditure should therefore be established;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fisheries and Aquaculture,
