(Only the French text is authentic)

(96/62/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to the Council Decision 90/424/EEC of 26 June 1990 on expenditure in the veterinary field [1], as last amended by Decision 94/370/EC [2], and in particular Article 24 thereof,

Whereas Decision 90/424/EEC provides for the possibility of financial participation by the Community in the eradication and surveillance of bovine brucellosis;

Whereas by letter, Spain has submitted a programme for the eradication of enzootic bovine brucellosis;

Whereas after examination of the programme it was found to comply with all Community criteria relating to the eradication of the disease in conformity with Council Decision 90/638/EEC on laying down Community criteria for the eradication and monitoring of certain animal diseases [3], as amended by Council Directive 92/65/EEC [4];

Whereas this programme appears on the priority list of programmes for the eradication and surveillance of animal diseases which can benefit from financial participation from the Community for 1996 and which was established by Decision 95/434/EC [5];

Whereas in the light of the importance of the programme for the achievement of Community objectives in the field of animal health, it is appropriate to fix the financial participation of the Community at 50 % of the costs incurred by France up to a maximum of ECU 2 400 000;

Whereas a financial contribution from the Community shall be granted in so far as the actions provided for are carried out and provided that the authorities furnish all the necessary information within the time limits provided for;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,
