COMMISSION DECISION

of 27 November 1996

approving the programme for the surveillance of classical swine fever for 1997 presented by Austria and fixing the level of the Community's financial contribution

(Only the German text is authentic)

(97/58/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Decision 90/424/EEC of 26 June 1990 on expenditure in the veterinary field [1], as last amended by Council Decision 94/370/EC [2] and, in particular, Article 24 thereof,

Whereas Council Decision 90/424/EEC provides for the possibility of financial participation by the Community in the eradication and surveillance of classical swine fever;

Whereas by letter dated 17 May 1996, Austria has submitted a programme for the control and surveillance of this disease.

Whereas after examination of the programme it was found to comply with all Community criteria relating to the surveillance of the disease in conformity with Council Decision 90/638/EEC of 27 November 1990 laying down Community criteria for the eradication and monitoring of certain animal diseases [3] as last amended by Directive 92/65/EEC [4];

Whereas this programme appears on the priority list of programmes for the eradication and surveillance of animal disease which during 1997 can benefit from financial participation from the Community and which was established by Decision 96/598/EC [5];

Whereas in the light of the importance of the programme for the achievement of Community objectives in the field of animal health, it is appropriate to fix the financial participation of the Community at 50 % of the costs incurred by Austria up to a maximum of ECU 13 000;

Whereas a financial contribution from the Community shall be granted in so far as the actions provided for are carried out and provided that the authorities furnish all the necessary information within the time limits provided for;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

The programme for the surveillance of classical swine fever and presented by Austria is hereby approved for the period from 1 January to 31 December 1997.

Article 2

Austria shall bring into force by 1 January 1997 the laws, regulations and administrative provisions for implementing the programme referred to in Article 1.

Article 3

1. Financial participation by the Community shall be at the rate of 50 % of the costs of virological and serological testing of a wild boar population incurred in Austria up to a maximum of ECU 13 000.

2. The financial contribution of the Community shall be granted subject to:

— forwarding a report to the Commission every three months on the progress of the programme and the costs incurred,

— forwarding a final report on the technical execution of the programme accompanied by justifying evidence as to the costs incurred by 1 June 1998 at the latest.

Article 4

This Decision is addressed to the Republic of Austria.

Done at Brussels, 27 November 1996.
