(2000/657/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2455/92 of 23 July 1992 concerning the export and import of certain dangerous chemicals ([1]), as last amended by Regulation (EC) No 2247/98 ([2]), and in particular Article 5(2) thereof,

Whereas:

(1) Regulation (EEC) No 2455/92 provides that the Commission is to decide for each chemical subject to the Prior Informed Consent (PIC) procedure whether or not the Community consents, possibly subject to specified conditions, to its import.

(2) The United Nations Environment Programme (UNEP) and the Food and Agriculture Organisation (FAO) have been appointed to provide secretariat services for the operation of the interim PIC procedure established by the Final Act of the Conference of Plenipotentiaries on the Convention on the Prior Informed Consent (PIC) Procedure for Certain Hazardous Chemicals and Pesticides in International Trade, signed at Rotterdam on 10 September 1998, in particular the Resolution on interim arrangements thereof.

(3) Additional chemicals have been added to the interim PIC procedure, as pesticide or pesticide formulation, for which the Commission has received information from the interim Secretariat in the form of decision guidance documents.

(4) The Commission, acting as common designated authority, is required to forward decisions on chemicals to the Secretariat of the interim PIC procedure, on behalf of the Community and its Member States.

(5) The interim Secretariat has requested that the participants in the PIC procedure use the specific form for importing country response to report on their import decisions.

(6) The Commission is required, whenever practicable, to make use of existing Community procedures and to ensure that the responses do not conflict with existing Community legislation. However, the Commission also needs to take into consideration Member States' bans or severe restrictions, pending a Community decision.

(7) The substances binapacryl, captafol, hexachlorobenzene, pentachlorophenol and toxaphene are banned or severely restricted at Community level, in particular by Council Directive 79/117/EEC of 21 December 1978 prohibiting the placing on the market and

use of plant protection products containing certain active substances ([1]), as last amended by Directive 91/188/EEC ([2]), or by Council Directive 76/769/EEC of 27 July 1976 on the approximation of the laws, regulations and administrative provisions of the Member States relating to restrictions on the marketing and use of certain dangerous substances and preparations ([3]), as last amended by Directive 1999/77/EC ([4]). Accordingly, a final decision on import should be taken for these substances.

(8) The substances 2,4,5-T, chlorobenzilate, lindane, methamidophos, methylparathion, monochrotophos, parathion and phosphamidon are subject to Community legislation, and in particular to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market ([5]), as last amended by Directive 2000/50/EC ([6]), or Directive 98/8/EC of the European Parliament and of the Council of 16 February 1998 concerning the placing of biocidal products on the market ([7]), both providing for a transitional period during which the Member States are allowed to take national decisions on substances and products falling within their scopes, pending a Community decision. Accordingly, an interim decision on import should be taken for these substances.

(9) The measures provided for in this Decision are in accordance with the opinion of the Committee set up pursuant to Article 29 of Council Directive 67/548/EEC ([8]),

HAS DECIDED AS FOLLOWS:

Sole Article

The decisions on import concerning the chemical substances 2,4,5-T, binapacryl, captafol, chlorobenzilate, hexachlorobenzene, lindane, methamidophos, methylparathion, monochrotophos, parathion, pentachlorophenol, phosphamidon and toxaphene are hereby adopted as reported on the importing country response forms contained in the Annex.

4.4 National legislative or administrative measure upon which the final decision is based

Description of the national legislative or administrative measure:

It is prohibited to use or place on the market pentachlorophenol. The chemical was excluded from Annex I to Council Directive 91/414/EEC concerning the placing of plant protection products on the market and authorisations for plant protection products thus had to be withdrawn by 25 July 2003 (Commission Regulation (EC) No 2076/2002 of 20 November 2002 (OJ L 319, 23.11.2002, p. 3) extending the time period referred to in Article 8(2) of Council Directive 91/414/EEC and concerning the non-inclusion of certain active substances in Annex I to that Directive and the withdrawal of authorisations for plant protection products containing these substances). It is prohibited to use or place on the market all biocidal products containing pentachlorophenol. In accordance with Commission Regulation (EC) No 1451/2007 of 4 December 2007 on the second phase of the 10-year work programme referred to in Article 16(2) of Directive 98/8/EC of the European Parliament and of the Council concerning the placing of biocidal products on the market the chemical is not allowed to be placed on the market for use as a biocidal product and had therefore to be withdrawn from the market as from 1 September 2006.
