(2004/468/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty of Accession of the Czech Republic, Estonia, Cyprus, Latvia, Lithuania, Hungary, Malta, Slovenia and Slovakia, and in particular Article 2(3) thereof,

Having regard to the Act of Accession of the Czech Republic, Estonia, Cyprus, Latvia, Lithuania, Hungary, Malta, Poland, Slovenia and Slovakia, and in particular Article 42 thereof,

Whereas:

(1) Regulation (EC) No 1774/2002 of the European Parliament and of the Council of 3 October 2002 laying down health rules concerning animal by-products not intended for human consumption [1] sets out certain requirements concerning the treatment of waste water from establishments handling category 1 and category 2 material.

(2) It is appropriate to adopt transitional measures to facilitate the transition from the existing regime in certain new Member States which does not fully meet the requirements of Regulation (EC) No 1774/2002 concerning the treatment of waste water.

(3) Accordingly, as a temporary measure a derogation should be granted to Estonia until 31 August 2004 and to Hungary until 1 May 2005 to enable them to authorise operators to continue to apply national rules for the collection of category 1 and category 2 material when treating waste water.

(4) In order to prevent a risk to animal and public health appropriate control systems should be maintained in Estonia and Hungary for the period of the transitional measures.

(5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS DECIDED AS FOLLOWS:
