COMMISSION DECISION

of 27 January 2010

on a Union financial contribution to a programme for the control of organisms harmful to plants and plant products in the French overseas departments for 2010

(notified under document C(2010) 320)

(Only the French text is authentic)

(2010/52/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 247/2006 of 30 January 2006 laying down specific measures for agriculture in the outermost regions of the Union [1] and in particular the first sentence of the first subparagraph of Article 17(3),

Whereas:

(1) Commission Decision 2007/609/EC of 10 September 2007 on the definition of the measures eligible for Community financing in the programmes for the control of organisms harmful to plants and plant products in the French overseas departments, in the Azores and in Madeira [2] defines the measures eligible for an Union financial contribution in the programmes for the control of organisms harmful to plants and plant products in the French overseas departments, in the Azores and in Madeira.

(2) The French authorities have submitted to the Commission a programme for 2010 providing for plant health measures in the French overseas departments. That programme specifies the objectives to be achieved, the expected deliverables, the measures to be carried out, their duration and their cost with a view to a possible Union financial contribution. The measures provided for in that programme fulfill the requirements of Decision 2007/609/EC. The Commission therefore considers that the requirements of Article 17(1) of Regulation (EC) No 247/2006, have been met.

(3) In accordance with Article 3(2)(a) of Council Regulation (EC) No 1290/2005 of 21 June 2005 on the financing of the common agricultural policy [3], the Union's financial contributions to plant-health measures are to be financed from the European Agricultural Guarantee Fund. For the purposes of financial control of those measures Articles 9, 36 and 37 of that Regulation apply.

(4) In accordance with Article 75 of Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities [4] and Article 90(1) of Commission Regulation (EC, Euratom) No 2342/2002 of 23 December 2002 laying down detailed rules for the implementation of Council Regulation (EC, Euratom) No 1605/2002 on the Financial Regulation applicable to the general budget of the European Communities [5], the commitment of expenditure from the Union budget shall be preceded by a financing decision adopted by the institution or the authorities to which powers have been delegated, setting out the essential elements of the action involving the expenditure.

(5) The present decision constitutes a financing decision for the expenditure provided in the co-financing requests presented by Member States.

(6) The measures provided for in this decision are in accordance with the opinion of the Standing Committee on Plant Health,

HAS ADOPTED THIS DECISION:

Article 1

An Union financial contribution to France for the official programme for the control of organisms harmful to plants and plant products in the French overseas departments for 2010 as specified in Part A of the Annex, is approved.

It shall be limited to a maximum of 60 % of the total eligible expenditure, as specified in Part B of the Annex, with a maximum of EUR 240 000 (VAT excluded).

Article 2

1. An advance of EUR 100 000 shall be paid within 60 days after receipt of a request for payment by France.

2. The balance of the financial contribution shall be paid provided that a final implementation report on the programme is submitted to the Commission in electronic form by 15 March 2011 at the latest.

[1] OJ L 42, 14.2.2006, p. 1.
[2] OJ L 242, 15.9.2007, p. 20.
[3] OJ L 209, 11.8.2005, p. 1.
[4] OJ L 248, 16.9.2002, p. 1.
[5] OJ L 357, 31.12.2002, p. 1.

That report shall contain:

(a) a concise technical evaluation of the entire programme, including the degree of achievement of physical and qualitative objectives and the progress accomplished, and an assessment of the immediate phytosanitary and economic impact, and

(b) a financial cost statement indicating the actual expenditure broken down by sub-programme and by measure.

3. With respect to the indicative budget breakdown specified in Part B of the Annex, France may adjust the financing between different measures in the same sub-programme within a limit of 15 % of the Union contribution to this sub-programme, provided that the total amount of eligible costs scheduled in the programme is not exceeded and that the main objectives of the programme are not thereby compromised.

It shall inform the Commission of any adjustments made.

Article 3

This Decision shall apply from 1 January 2010.

Article 4

This Decision is addressed to the French Republic.

Done at Brussels, 27 January 2010.

For the Commission
Androulla VASSILIOU
Member of the Commission

ANNEX

PROGRAMME AND INDICATIVE BUDGET BREAKDOWN FOR 2010

PART A

Programme

The programme shall consist of four sub-programmes:

1. inter-departmental sub-programme:

   Measure 1: development of detection methods for harmful organisms based on quantitative polymerase chain reaction (PCR)

2. sub-programme for the department of Martinique:

   Measure 2: phytosanitary surveys and training of nursery farmers

3. sub-programme for the department of Guyane:

   Measure 3: management of an agricultural phytosanitary warning system for rice production;

4. sub-programme for the department of Guadeloupe:

   (a) Measure 4.1: management of a survey network for fruit flies;

   (b) Measure 4.2: phytosanitary surveys in the tomato production;

   (c) Measure 4.3: management of the risk of introduction of harmful organisms by tourist activity.

PART B

Indicative budget breakdown, with indication of the various expected deliverables

(in EUR)

Sub-programmes	Deliverables (S: provision of services, R: research or study work)	Eligible expenditure	National financial contribution	Maximum Union financial contribution
Inter-DOM sub-programme				
Measure 1	Method of quantitative PCR (R)	120 000	48 000	72 000
	Sub-total	120 000	48 000	72 000
Martinique				
Measure 2	Phytosanitary surveys and training of nursery farmers (S)	110 000	44 000	66 000
	Sub-total	110 000	44 000	66 000
Guyane				
Measure 3	Management of an agricultural phytosanitary warning system (S)	119 500	47 800	71 700
	Sub-total	119 500	47 800	71 700
Guadeloupe				
Measure 4.1	Management of a survey network for fruit flies (S)	15 500	6 200	9 300

(in EUR)

Sub-programmes	Deliverables (S: provision of services, R: research or study work)	Eligible expenditure	National financial contribution	Maximum Union financial contribution
Measure 4.2	Phytosanitary surveys in the tomato production (S)	20 000	8 000	12 000
Measure 4.3	Actions of communication to the public on the risks of introduction of harmful organisms (S)	15 000	6 000	9 000
	Sub-total	50 500	20 200	30 300
	Total	400 000	160 000	240 000
