COMMISSION IMPLEMENTING DECISION

of 9 October 2014

concerning animal health control measures relating to African swine fever in certain Member States and repealing Implementing Decision 2014/178/EU

(notified under document C(2014) 7222)

(Text with EEA relevance)

(2014/709/EU)

Article 1

Subject matter and scope

This Decision lays down animal health control measures in relation to African swine fever in the Member States or areas thereof as set out in the Annex (the Member States concerned).

It shall apply without prejudice to the plans for the eradication of African swine fever from feral pig populations in the Member State concerned, approved by the Commission in accordance with Article 16 of Directive 2002/60/EC.

Article 2

Prohibition on the dispatch of live pigs, porcine semen, ova and embryo, pig meat, pig meat preparations, pig meat products and any other products containing pig meat as well as consignments of animal by-products from porcine animals from certain areas listed in the Annex

The Member States concerned shall prohibit:

(a) the dispatch of live pigs from the areas listed in Parts II, III and IV of the Annex;

(b) the dispatch of consignments of porcine semen, ova and embryos from the areas listed in Parts III and IV of the Annex;

(c) the dispatch of consignments of pig meat, pig meat preparations, pig meat products and any other products containing such meat from the areas listed in Parts III and IV of the Annex;

(d) the dispatch of consignments of animal by-products from porcine animals from the areas listed in Parts III and IV of the Annex.

Article 3

Derogation from the prohibition on the dispatch of live pigs from the areas listed in Part II of the Annex

▼M10

By way of derogation from the prohibition provided for in point (a) of Article 2, the Member States concerned may authorise the dispatch of live pigs from a holding located in the areas listed in Part II of the Annex to other areas in the territory of the same Member State or to areas listed in Part II or III of the Annex of another Member State provided that:

▼M25

1. the pigs have been resident for a period of at least 30 days, or since birth, on the holding and no live pigs have been introduced from the areas listed in Parts II, III and IV of the Annex during a period of at least 30 days prior to the date of the movement into:

   (a) that holding; or

   (b) the production unit where the pigs to be dispatched under this Article are kept; the production unit may only be defined by the competent authority provided that the official veterinarian confirms that the structure, size and distance between the production units and the operations carried out there are such that the production units provide completely separate facilities for housing, keeping and feeding, so that the virus cannot spread from one production unit to another, and

▼B

2. the pigs have been subjected to laboratory testing for African swine fever carried out with negative results on samples taken in accordance with the sampling procedures as laid down in the plan for the eradication of African swine fever referred to in the second paragraph of Article 1 of this Decision within a period of 15 days prior to the date of the movement and a clinical examination for African swine fever has been carried out by an official veterinarian in accordance with the checking and sampling procedures laid down in Part A of Chapter IV of the Annex to Commission Decision 2003/422/EC ([1]) on the date of dispatch, or

3. the pigs come from a holding:

   (a) that has been subjected at least twice a year, with an interval of at least 4 months, to inspections by the competent veterinary authority, which:

      (i) followed the guidelines and procedures laid down in Chapter IV of the Annex to Decision 2003/422/EC;

      (ii) included a clinical examination and sampling in which the pigs over the age of 60 days have been subjected to the laboratory testing in accordance with the checking and sampling procedures laid down in Part A of Chapter IV of the Annex to Decision 2003/422/EC;

      (iii) checked the effective application of the measures provided for in the second indent and in the fourth to seventh indents of Article 15(2)(b) of Directive 2002/60/EC;

   (b) that implements bio-security requirements for African swine fever as established by the competent authority,

▼M10

4. for live pigs dispatched to areas listed in Part II or III of the Annex of another Member State, the following additional requirements shall apply:

([1]) Commission Decision 2003/422/EC of 26 May 2003 approving an African swine fever diagnostic manual (OJ L 143, 11.6.2003, p. 35).

▼**M10**

(a) the pigs comply with any other appropriate animal health guarantees based on a positive outcome of a risk assessment of measures against the spread of African swine fever required by the competent authority of the Member State of the place of origin and approved by the competent authority of the Member State of the place of transit and the competent authority of the Member State of destination, prior to the movement of such animals;

(b) the Member State of origin immediately informs the Commission and the other Member States of the animal health guarantees and the approval by the competent authorities referred to in point (a);

(c) a channelling procedure in accordance with Article 16a is set up, under the control of the competent authorities of the Member States of origin, transit and destination, in order to ensure that the animals, moved in accordance with the additional requirements provided for in point (a) are transported in a safe manner and are not subsequently moved to another Member State.

(d) For live pigs that comply with the additional requirements of point 4 of this Article, the following additional wording shall be added to the corresponding health certificate for swine referred to in Article 5(1) of Directive 64/432/EEC:

'Pigs in compliance with Article 3 of Commission Implementing Decision 2014/709/EU.'

Article 3a

Derogation from the prohibition on the dispatch of live pigs from the areas listed in Part III of the Annex

By way of derogation from the prohibition provided for in point (a) of Article 2, the Member States concerned may authorise the dispatch of live pigs from the areas listed in Part III of the Annex to other areas listed in Parts II in the territory of the same Member State or to areas listed in Part II or III of the Annex of another Member State, provided that:

1. the pigs are from a holding with an appropriate level of biosecurity approved by the competent authority, the holding is under the supervision of the competent authority, and the pigs comply with the requirements laid down in point 1 of Article 3 and in either point 2 or point 3 of Article 3;

2. the pigs are located in the centre of an area of at least three km radius in which all animals in the holdings comply with the requirements laid down in point 1 of Article 3 and in either point 2 or point 3 of Article 3;

3. the competent authority of the holding of dispatch must inform in due time the competent authority of the holding of destination of the intention to send the pigs and the competent authority of the holding of destination must notify the competent authority of the holding of dispatch of the arrival of the pigs;

▼**M10**

4. the transport of the pigs within and through areas outside of the areas listed in Part III of the Annex must be carried out along predefined transport routes and the vehicles used for transporting the pigs must be cleaned, if necessary disinsectised and disinfected as soon as possible after unloading;

5. for live pigs dispatched to areas listed in Part II or III of the Annex of another Member State, the following additional requirements shall apply:

   (a) the pigs comply with any other appropriate animal health guarantees based on a positive outcome of a risk assessment of measures against the spread of African swine fever required by the competent authority of the Member State of origin and approved by the competent authority of the Member State of the place of transit and the competent authority of the Member State of destination, prior to the movement of such animals;

   (b) the Member State of the place of origin immediately informs the Commission and the other Member States of the animal health guarantees and the approval by the competent authorities referred to in the point (a) and authorises a list of holdings that comply with animal health guarantees;

   (c) a channelling procedure in accordance with Article 16a is set up, under the control of the competent authorities of the Member States of origin, transit and destination, in order to ensure that the animals, moved in accordance with the additional requirements provided for in point (a), are transported in a safe manner and are not subsequently moved to another Member State;

   (d) for the live pigs that comply with all conditions of this Article, the following additional wording shall be added to the corresponding health certificate for swine referred to in Article 5(1) of Directive 64/432/EEC:

   ‘Pigs in compliance with Article 3a of Commission Implementing Decision 2014/709/EU.’

Article 3b

Derogation from the prohibition on the dispatch of live pigs from the areas listed in Part II of the Annex for the purpose of immediate slaughter

By way of derogation from the prohibition provided for in point (a) of Article 2, the Member States concerned may authorise the dispatch of live pigs for the purpose of **immediate** slaughter from a holding located in the areas listed in Part II of the Annex (the holding of dispatch) to other areas in the territory of the same Member State provided that:

(a) prior to dispatch, the pigs have been resident on the holding of dispatch for a period of at least 30 days or since birth;

(b) the pigs comply with the requirements laid down in either point 2 or 3 of Article 3;

(c) all the pigs in the holding of dispatch originate only from a single, separate breeding holding located in the areas listed in either Part I or II of the Annex in the territory of the same Member State (the breeding holding);

▼M29

(d) the competent authority has granted prior authorisation for the movement of the pigs from the breeding holding to the holding of dispatch, based on a risk assessment related to the risk mitigation measures in place in both the breeding holding and the holding of dispatch;

(e) both the holding of dispatch and the breeding holding have a common biosecurity plan approved in advance by the competent authority;

(f) the competent authority checks regularly, and at least once every 3 months, the implementation of the common biosecurity plan referred to in point (e);

(g) the consignment of pigs is transported for immediate slaughter directly, without stopping or unloading, to a slaughterhouse approved in accordance with Article 12 and specifically designated by the competent authority for that purpose;

(h) the competent authority has been notified in advance of the intention to send the consignment of live pigs to the slaughterhouse for immediate slaughter;

(i) the transport of the consignment of live pigs to the slaughterhouse within and through areas located outside of the areas listed in Part II of the Annex is carried out along transport routes specified in advance and the vehicles used for such transportation are cleaned, disinfected and, if necessary, disinsected as soon as possible after unloading;

(j) each truck and any other vehicles that are used for the transport of the consignment of live pigs has been individually registered with the competent authority for that purpose;

(k) the competent authority is systematically informed of any dispatch and arrival of consignments of live pigs from the breeding holding to the holding of dispatch;

(l) surveillance in both the holding of dispatch and the breeding holding is reinforced by the application to all pigs older than 4 months of the procedures set out in point 4 of Part A of Chapter IV of the Annex to Decision 2003/422/EC.

Article 4

Derogation from the prohibition on the dispatch of consignments of live pigs for immediate slaughter from the areas listed in Part III of the Annex and the dispatch of consignments of pig meat, pig meat preparations and pig meat products obtained from such pigs

▼M10

By way of derogation from the prohibitions provided for in points (a) and (c) of Article 2, the Member States concerned may authorise the dispatch for immediate slaughter of live pigs from the areas listed in Part III of the Annex to other areas in the territory of the same Member State or to areas listed in Part II or III of the Annex of another Member State in case there are logistic limitations in the slaughter capacity of the slaughterhouses approved by the competent authority in accordance with Article 12 located in the areas listed in Part III of the Annex, provided that:

▼B

1. the pigs have been resident for a period of at least 30 days or since birth on the holding and no live pigs have been introduced into that holding from the areas listed in Parts II, III and IV of the Annex during a period of at least 30 days prior to the date of the movement;

2. the pigs comply with the requirements laid down in paragraph 1 and in paragraph 2 or paragraph 3 of Article 3;

3. the pigs are transported for immediate slaughter directly, without stopping or unloading, to a slaughterhouse approved in accordance with Article 12 and specifically designated by the competent authority for that purpose;

4. the competent authority responsible for the slaughterhouse has been informed by the dispatching competent authority of the intention to send the pigs and notifies the dispatching competent authority of their arrival;

▼M25

5. on arrival at the slaughterhouse, these pigs are kept and slaughtered separately from other pigs and are slaughtered on a specific day in which only these pigs from the areas listed in Part III of the Annex are slaughtered or at the end of a slaughter day during which no other pigs are slaughtered thereafter;

▼B

6. the transport of the pigs to the slaughterhouse within and through areas outside of the areas listed in Part III of the Annex is carried out along predefined transport routes and the vehicles used for transporting those pigs are cleaned, if necessary disinsectised, disinfected as soon as possible after unloading;

7. the Member States concerned ensures that the fresh pig meat, pig meat preparations and pig meat products obtained from those pigs:

   (a) are produced, stored and processed in establishments approved in accordance with Article 12;

   (b) are marked in accordance with Article 16;

   (c) are only marketed on the territory of that Member State;

8. the Member States concerned ensures that the animal by-products from those pigs are subjected to a treatment in a channelled system approved by the competent authority which ensures that the derived product obtained from those pigs poses no risks as regards African swine fever;

9. the Member States concerned immediately informs the Commission of the granting of the derogation according to this Article and notifies the name(s) and address(es) of the slaughterhouse(s) approved under this Article;

▼M10

10. for live pigs dispatched to areas listed in Part II or III of the Annex of another Member State, the following additional requirements shall apply:

    (a) the pigs comply with any other appropriate animal health guarantees based on a positive outcome of a risk assessment of measures against the spread of African swine fever required by the competent authority of the Member State of the place

▼M10

of origin and approved by the competent authority of the Member State of transit and the competent authority of the Member State of destination, prior to the movement of such animals;

(b) the Member State of the place of origin shall immediately inform the Commission and the other Member States of the animal health guarantees and the approval by the competent authorities referred to in point (a) and authorises a list of holdings complying with animal health guarantees;

(c) a channelling procedure in accordance with Article 16a is set up, under the control of the competent authorities of the Member States of origin, transit and destination, in order to ensure that the animals, moved in accordance with the additional requirements provided for in point (a), are transported in a safe manner and are not subsequently moved to another Member State;

(d) for live pigs that comply with all conditions of this Article, the following additional wording shall be added to the corresponding health certificate for swine referred to in Article 5(1) of Directive 64/432/EEC:

'Pigs in compliance with Article 4 of Commission Implementing Decision 2014/709/EU.'

Article 6

Derogation from the prohibition on the dispatch of consignments of pig meat, pig meat preparations, pig meat products and any other products consisting of or containing pig meat from the areas listed in Part IV of the Annex

By way of derogation from the prohibition provided for in point (c) of Article 2, the Member States concerned may authorise the dispatch of pig meat, pig meat preparations, pig meat products and any other products consisting of or containing pig meat, from the areas listed in Part IV of the Annex provided they are either:

(a) derived from pigs which have been kept since birth in holdings located outside the areas listed in the Annex, and the pig meat, pig meat preparations and pig meat products consisting of, or containing such meat, have been produced, stored and processed in establishments approved in accordance with Article 12; or

(b) have been produced and processed in accordance with Article 4(1) of Directive 2002/99/EC in establishments approved in accordance with Article 12.

Article 7

Derogation from the prohibition on the dispatch of consignments of animal by-products from porcine animals from the areas listed in Parts III and IV of the Annex

1. By way of derogation from the prohibition provided for in point (d) of Article 2, the Member States concerned may authorise the dispatch of derived products as referred to in Article 3(2) of Regulation (EC) No 1069/2009 of the European Parliament and of the Council [1] obtained from animal by-products from porcine animals originating from the areas listed in Part III and IV of the Annex provided that those by-products have been subjected to a treatment which ensures that the derived product pose no risks as regards African swine fever.

▼M2

2. By way of derogation from the prohibition provided for in point (d) of Article 2, the Member States concerned may authorise the dispatch of animal by-products of porcine origin other than feral pigs, including unprocessed bodies of dead animals from holdings or carcases from slaughterhouses approved in accordance with Regulation (EC) No 853/2004 located in the areas listed in Part III of the Annex to a processing, incineration or co-incineration plant, as referred to in Article 24(1)(a),(b) and (c) of Regulation (EC) No 1069/2009, located outside the areas listed in Part III of the Annex, provided that:

[1] Regulation (EC) No 1069/2009 of the European Parliament and of the Council of 21 October 2009 laying down health rules as regards animal by-products and derived products not intended for human consumption and repealing Regulation (EC) No 1774/2002 (Animal by-products Regulation) (OJ L 300, 14.11.2009, p. 1).

▼B

(a) the animal by-products originate from holdings or from slaughterhouses situated within the areas listed in Part III of the Annex, where there has been no outbreak of African swine fewer during at least 40 days prior to the dispatch;

(b) each truck and other vehicles that are used for transport of those animal by-products has been individually registered by the competent authority in accordance with Article 23 of Regulation (EC) No 1069/2009, and:

(i) the covered leak-proof compartment for the transport of those animal by-products is constructed in a way permitting its effective cleaning and disinfection and the construction of floors facilitates the draining and collection of liquids;

(ii) the application for registration of the truck and other vehicles contains evidence that the truck or vehicle had been successfully subject to regular technical checks;

(iii) each truck must be accompanied by a satellite navigation system to determine his real time location. The operator of the transport shall enable the competent authority to control the real time movement of the truck and to keep the electronic records of the movement for at least 2 months;

(c) after loading the compartment for the transport of those animal by-products shall be sealed by the official veterinarian. Only the official veterinarian may break the seal and replace it with a new one. Each loading or replacement of seals shall be notified to the competent authority;

(d) any entry of the trucks or vehicles into pig holdings shall be prohibited and the competent authority ensures a safe collection of the carcases of pigs;

(e) the transport to the above referred plants takes place directly to those plants only, without stopping at the route authorised by the competent authority from the designated disinfection point at the exit from the area listed in Part III of the Annex. At the designated disinfection point the trucks and vehicles must be subject to proper cleansing and disinfection under control of the official veterinarian;

(f) each consignment of animal by-products is accompanied by the duly completed commercial document referred to in Chapter III of Annex VIII to Commission Regulation (EU) No 142/2011 ([1]). The official veterinarian responsible for the processing plant of destination must confirm each arrival to the competent authority referred to in point (b)(iii);

([1]) Commission Regulation (EU) No 142/2011 of 25 February 2011 implementing Regulation (EC) No 1069/2009 of the European Parliament and of the Council laying down health rules as regards animal by-products and derived products not intended for human consumption and implementing Council Directive 97/78/EC as regards certain samples and items exempt from veterinary checks at the border under that Directive (OJ L 54, 26.2.2011, p. 1).

▼B

(g) after unloading of the animal by-products the truck or vehicle and any other equipment which are used in the transport of that animal by-products and that might be contaminated, are cleaned, disinfected and if necessary disinsectised in its entirety within the closed area of the processing plant under the supervision of the official veterinarian. Article 12(a) of Directive 2002/60/EC shall apply;

(h) the animal by-products are processed without any delay. Any storage in the processing plant shall be prohibited;

(i) the competent authority shall ensure that the dispatch of animal by-products does not exceed the relevant daily processing capacity of the processing plant;

(j) before the first dispatch from Part III of the Annex takes place, the competent authority shall ensure that the necessary arrangements with the relevant authorities within the meaning of point (c) of Annex VI to Directive 2002/60/EC in order to ensure the emergency plan, the chain of command and full cooperation of services in case of accidents during the transport, mayor breakdown of truck or vehicle or any fraudulent action of operator. The operators of the trucks shall immediately notify the competent authority of any accident or breakdown of truck or vehicle.

Article 8

Prohibition on the dispatch to other Member States and third countries of live pigs from the areas listed in the Annex

▼M10

1. Without prejudice to Article 3, Article 3a and Article 4, the Member States concerned shall ensure that live pigs are not dispatched from their territory to other Member States and third countries, except where those live pigs come from:

▼B

(a) areas outside those listed in the Annex;

(b) a holding where no live pigs originating from the areas listed in the Annex have been introduced during a period of at least 30 days immediately prior to the date of dispatch.

2. By way of derogation from paragraph 1, the Member States concerned may authorise the dispatch of live pigs from a holding located in the areas listed in the Part I of the Annex provided that those live pigs comply with the following conditions:

▼M25

(a) they have been uninterruptedly resident on the holding for a period of at least 30 days prior to the date of the dispatch or since birth and no live pigs have been introduced into that holding from the areas listed in Parts II, III and IV of the Annex during a period of at least 30 days prior to the date of the dispatch;

▼B

(b) they come from a holding which implements bio-security requirements for African swine fever as established by the competent authority;

(c) they have been subjected to laboratory testing for African swine fever carried out with negative results on samples taken in accordance with the sampling procedures as laid down in the plan for the eradication of African swine fever referred to in the second paragraph of Article 1 of this Decision within a period of 15 days prior to the date of the movement and a clinical examination for African swine fever has been carried out by an official veterinarian in accordance with the checking and sampling procedures laid down in Part A of Chapter IV of the Annex to Decision 2003/422/EC on the date of shipment; or

(d) they come from a holding which has been subjected at least twice a year, with an interval of at least 4 months, to inspections by the competent veterinary authority, which:

(i) followed the guidelines and procedures laid down in Chapter IV of the Annex to Decision 2003/422/EC;

(ii) included a clinical examination and sampling in which the pigs over the age of 60 days have been subjected to the laboratory testing in accordance with the checking and sampling procedures laid down in Part A of Chapter IV of the Annex to Decision 2003/422/EC;

(iii) checked the effective application of the measures provided for in the second indent and in the fourth to seventh indents of Article 15(2)(b) of Directive 2002/60/EC.

3. Article 9

Prohibition on the dispatch to other Member States and third countries of consignments of porcine semen and ova and embryos collected from pigs from the areas listed in the Annex

1. The Member State concerned shall ensure that no consignments of the following commodities are dispatched from their territory to other Member States and third countries:

▼M10

(a) porcine semen, unless the semen was collected from donor boars kept at semen collection centre approved in accordance with Article 3(a) of Council Directive 90/429/EEC [1] and located outside the areas listed in Parts II, III and IV of the Annex to this Decision;

(b) porcine ova and embryos, unless the ova and embryos originate from donor females of the porcine species kept in holdings which comply with Article 8(2) and are situated outside the areas listed in Parts II, III and IV of the Annex and the embryos are *in vivo* derived embryos conceived as a result of artificial insemination or *in vitro* produced embryos conceived as a result of fertilisation with semen complying with the conditions laid down in point (a) of this paragraph.

2. By way of derogation from the prohibitions provided for in paragraph 1(a) of this Article and point (b) of Article 2, the Member States concerned may authorise the dispatch of consignments of porcine semen, if the semen was collected from donor boars kept at a semen collection centre approved in accordance with Article 3(a) of Directive 90/429/EEC, applying all biosecurity rules relevant for African swine fever and located in the areas listed in Parts II and III of the Annex to this Decision to areas listed in Part II or III of the Annex of the same Member State or another Member State provided that:

(a) the consignments of porcine semen comply with any other appropriate animal health guarantees based on a positive outcome of a risk assessment of measures against the spread of African swine fever required by the competent authority of the Member State of origin and approved by the competent authority of the Member State of destination, prior to the dispatch of the consignment of semen;

(b) the Member State of origin immediately informs the Commission and the other Member States of the animal health guarantees referred to in the point (a);

(c) the donor boars comply with the requirements laid down in point 1 of Article 3 and in either point 2 or point 3 of Article 3;

Article 10

Prohibition on the dispatch to other Member States and third countries of consignments of animal by-products from porcine animals from the areas listed in the Annex

1. The Member States concerned shall ensure that no consignments of animal by-products from porcine animals are dispatched from their territory to other Member States and third countries, unless those porcine by-products originated from pigs originating in and coming from holdings located in the areas outside those listed in Parts II, III and IV of the Annex.

2. By way of derogation from paragraph 1, the Member States concerned may authorise the dispatch of derived products obtained from animal by-products from porcine animals from the areas listed in Parts II, III and IV of the Annex to other Member States and third countries provided that:

(a) those by-products have been subjected to a treatment which ensures that the derived product obtained from porcine animals poses no risks as regards African swine fever;

(b) the consignments of derived products are accompanied by a commercial document issued as referred in Chapter III of Annex VIII to Regulation (EU) No 142/2011.

Article 11

Prohibition on the dispatch to other Member States and third countries of fresh pig meat and of certain pig meat preparations and pig meat products from areas listed in the Annex

1. The Member States concerned shall ensure that consignments of fresh pig meat from pigs originating from holdings located in the areas listed in the Annex, and pig meat preparations and pig meat products consisting of, or containing meat from those pigs are not dispatched to other Member States and third countries, except where such pig meat was produced from pigs originating in and coming from holdings not located in the areas listed in Parts II, III or IV of the Annex.

▼M1

2. By way of derogation from paragraph 1, the Member States concerned with areas listed in Part II, III or IV of the Annex may authorise the dispatch of fresh pig meat referred to in paragraph 1 and pig meat preparations and pig meat products consisting of, or containing such pig meat, to other Member States and third countries provided that those pig meat preparations and pig meat products are derived from pigs which have been kept since birth in holdings located outside the areas listed in Parts II, III and IV of the Annex and the fresh pig meat, pig meat preparations and pig meat products are produced, stored and processed in establishments approved in accordance with Article 12.

▼M1

3. By way of derogation from paragraph 1, the Member States concerned with areas listed in Part II of the Annex may authorise the dispatch of fresh pig meat referred to in paragraph 1 and pig meat preparations and pig meat products consisting of, or containing such pig meat, to other Member States and third countries provided that those pig meat preparations and pig meat products are derived from pigs that comply with the requirements laid down in paragraph 1 and paragraph 2 or paragraph 3 of Article 3.

▼M29

4. By way of derogation from paragraph 1, the Member States concerned with areas listed in Part II of the Annex may authorise the dispatch of fresh pig meat referred to in paragraph 1 and pig meat preparations and pig meat products consisting of, or containing such pig meat, to other Member States and third countries provided that such pig meat preparations and pig meat products are derived from pigs that comply with the requirements laid down in Article 3b.

Article 12

Approval of slaughterhouses, cutting plants and meat processing establishments for the purposes of Articles 4, 5 and 6 and Article 11(2)

The competent authority of the Member States concerned shall only approve slaughterhouses, cutting plants and meat processing establishments for the purposes of Articles 4, 5 and 6 and Article 11(2) in which the production, storage and processing of the fresh pig meat and pig meat preparations and pig meat products consisting of or containing such pig meat eligible for dispatch to other Member States and third countries in accordance with the derogations provided for in Articles 4 to 6 and 11(2), is carried out separately from the production, storage and processing of other products consisting of or containing fresh pig meat and pig meat preparations and pig meat products consisting of or containing meat derived from pigs originating in or coming from holdings located in areas listed in the Annex other than those approved in accordance with this Article.

▼M25

Article 12a

Derogation for slaughterhouses, cutting plants and meat processing establishments located in protection and surveillance zones

Without prejudice to Articles 4, 5 and 6 and Articles 11, 12 and 13 of this Decision, and by way of derogation from the prohibition provided in Article 3(3)(a) of Directive 2002/99/EC, the Member States concerned may authorise the dispatch of pig meat, pig meat preparations, pig meat products and any other products consisting of or containing pig meat from slaughterhouses, cutting plants and meat processing establishments which are located in protection and surveillance zones as laid down by Directive 2002/60/EC, provided that such products:

▼M25

(a) have been produced, stored and processed in establishments located in areas listed in Parts I, II or III of the Annex and approved in accordance with Article 12; and

(b) are derived from pigs originating in and coming from holdings not located in the areas listed in Parts II, III or IV of the Annex or from pigs originating in and coming from holdings located in the areas listed in Part II of the Annex provided that they comply with the requirements laid down in point 1 of Article 3 and in point 2 or point 3 of Article 3; and

(c) are marked in accordance with Article 16.

▼B

Article 13

Derogation from the prohibition on the dispatch of fresh pig meat and of certain pig meat preparations and pig meat products from areas listed in the Annex

By way of derogation from Article 11, the Member States concerned may authorise the dispatch of fresh pig meat, pig meat preparations and pig meat products consisting of or containing such meat from the areas listed in Parts II, III or IV of the Annex, to other Member States and third countries provided that the products in question:

(a) have been produced and processed in compliance with Article 4(1) of Directive 2002/99/EC;

(b) are subjected to veterinary certification in accordance with Article 5 of Directive 2002/99/EC;

(c) are accompanied by the appropriate intra-Union trade health certificate as set out in the Annex to Regulation (EC) No 599/2004 and of which Part II shall be completed by the following:

'Products in accordance with Commission Implementing Decision 2014/709/EU of 9 October 2014 concerning animal health control measures relating to African swine fever in certain Member States (*).

(*) OJ L 295, 11.10.2014, p. 63.'

Article 14

Information concerning Articles 11, 12 and 13

The Member States shall communicate to the Commission and the other Member States, every six months from the date of this Decision, the updated list of approved establishments referred to in Article 12 and any relevant information on the application of Articles 11, 12 and 13.

Article 15

Measures relating to live feral pigs, fresh meat, meat preparations and meat products consisting of or containing meat from feral pigs

1. The Member States concerned shall ensure that:

▼M25

(a) no live feral pigs are dispatched from the Member States listed in the Annex, except in case of areas free from African swine fever separated by effective geographical barriers from the areas included in the Annex, to other Member States or from the areas listed in the Annex to any other areas, whether or not listed in the Annex in the territory of the same Member State;

▼B

(b) no consignments of fresh meat of feral pigs, meat preparations and meat products consisting of or containing such meat from the areas listed in the Annex are dispatched to other Member States or to other areas in the territory of the same Member State.

2. By way of derogation from paragraph 1(b), the Member States concerned may authorise the dispatch of consignments of fresh meat of feral pigs, meat preparations and meat products consisting of or containing such meat from the areas listed in Part I of the Annex to other areas in the territory of the same Member State not listed in the Annex, provided that the feral pigs have been tested with negative results for African swine fever in accordance with the diagnostic procedures set out in Parts C and D of Chapter VI of the Annex to Decision 2003/422/EC.

▼M29

By way of derogation from paragraph 1(b), the Member States concerned may authorise the dispatch of meat from feral pigs from the areas listed in Parts I and II of the Annex to other areas in the territory of the same Member State or to other Member States, provided that such meat:

(a) has been produced and processed in accordance with Article 4(1) of Directive 2002/99/EC and undergone heat treatment as prescribed by either point (a) or (d) of Annex III to that Directive;

(b) is subjected to veterinary certification in accordance with Article 5 of Directive 2002/99/EC;

(c) is accompanied by the appropriate intra-Union trade health certificate as set out in the Annex to Regulation (EC) No 599/2004 and Part II of that certificate must be completed by the following sentence: ‘Products in accordance with Commission Implementing Decision 2014/709/EU.’

▼M25

3. By way of derogation from paragraph 1(a), the Member States concerned may authorise the dispatch of live feral pigs from the areas not listed in the Annex to other areas in the territory of the same Member State not listed in the Annex and to other Member States, provided that:

(a) the former feral pigs have been resident for a period of at least 30 days on the holding and no live pigs have been introduced into that holding during a period of at least 30 days prior to the date of the movement;

(b) the holding implements biosecurity measures;

(c) the former feral pigs comply with the requirements laid down in paragraph 1 and in paragraph 2 or paragraph 3 of Article 3.

▼M25

4. For consignments of live feral pigs complying with the conditions of the derogation provided for in paragraph 3, the following additional wording shall be added to the corresponding veterinary documents and/or health certificates referred to in Article 5(1) of Directive 64/432/EEC and Article 3(1) of Decision 93/444/EEC: ‘Pigs in compliance with Article 15(3) of Commission Implementing Decision 2014/709/EU’.

Article 15a

Information to be provided by passenger transport operators and postal services

Passenger transport operators, including airport and port operators, travel agencies and postal services shall draw the attention of their customers to the rules laid down in this Decision, in particular by providing information on the rules set out in Articles 2 and 15 to travellers moving from the territory of any of the Member States concerned and customers of postal services in an appropriate way.

▼B

Article 16

Special health marks and certification requirements for fresh meat, meat preparations and meat products subject to prohibition referred to in Article 2, Article 11(1) and Article 15(1)

The Member States concerned shall ensure that the fresh meat and meat preparations and meat products subject to the prohibitions provided for in Articles 2, Article 11(1) and Article 15(1) are marked with a special health mark that is not oval and cannot be confused with:

(a) the identification mark for meat preparations and meat products consisting of, or containing pig meat, as set out in Section I of Annex II to Regulation (EC) No 853/2004;

(b) the health mark for fresh pig meat as set out in Chapter III of Section I of Annex I to Regulation (EC) No 854/2004.
