(Non-legislative acts)

DECISIONS

COMMISSION IMPLEMENTING DECISION (EU) 2016/2328

of 9 December 2016

adopting a tenth update of the list of sites of Community importance for the Mediterranean biogeographical region

(notified under document C(2016) 8142)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora ([1]), and in particular the third subparagraph of Article 4(2) thereof,

Whereas:

(1) The Mediterranean biogeographical region referred to in Article 1(c)(iii) of Directive 92/43/EEC comprises the Union territories of Greece, Cyprus, in accordance with Article 1 of Protocol No 10 of the 2003 Act of Accession ([2]), and Malta, parts of the Union territories of Spain, France, Italy, Portugal and Croatia, and, in accordance with Article 355 (3) of the Treaty, the territory of Gibraltar, for which the United Kingdom is responsible for external relations, as specified in the biogeographical map approved on 20 April 2005 by the committee set up by Article 20 of that Directive (the 'Habitats Committee').

(2) The initial list of sites of Community importance for the Mediterranean biogeographical region, within the meaning of Directive 92/43/EEC, was adopted by Commission Decision 2006/613/EC ([3]). That list was last updated by Commission Implementing Decision (EU) 2015/2374 ([4]).

(3) The sites included in the lists of Community importance for the Mediterranean biogeographical region form part of the Natura 2000 network which is an essential element of the protection of biodiversity in the Union. In order to make further progress in the actual establishment of the Natura 2000 network and in the context of a dynamic adaptation of that network, the lists of sites of Community importance are reviewed regularly.

(4) Between 16 January 2015 and 31 January 2016 Member States have proposed additional sites of Community importance for the Mediterranean biogeographical region within the meaning of Article 1 of Directive 92/43/EEC. Member States have also submitted changes in the site-related information contained in the list of sites of Community importance for the Mediterranean biogeographical region.

(5) On the basis of the draft list drawn up by the Commission in agreement with each of the Member States concerned, which also identifies sites hosting priority natural habitat types or priority species, an updated list of sites selected as sites of Community importance for the Mediterranean biogeographical region should be adopted. Articles 4(4) and 6 (1) of Directive 92/43/EEC apply to the newly included sites.

([1]) OJ L 206, 22.7.1992, p. 7.
([2]) OJ L 236, 23.9.2003, p. 955.
([3]) Commission Decision 2006/613/EC of 19 July 2006 adopting, pursuant to Council Directive 92/43/EEC, the list of sites of Community importance for the Mediterranean biogeographical region (OJ L 259, 21.9.2006, p. 1).
([4]) Commission Implementing Decision (EU) 2015/2374 of 26 November 2015 adopting a ninth update of the list of sites of Community importance for the Mediterranean biogeographical region (OJ L 338, 23.12.2015, p. 799).

(6) Knowledge of the existence and distribution of the natural habitat types and species is constantly evolving as a result of the surveillance undertaken in accordance with Article 11 of Directive 92/43/EEC. Therefore, the evaluation and selection of sites at Union level was carried out using the best available information at the time.

(7) Certain Member States have not proposed sufficient sites to meet the requirements of Directive 92/43/EEC for certain habitat types and species. Furthermore, knowledge of the existence and distribution of some habitat types listed in Annex I and some of the species listed in Annex II to Directive 92/43/EEC remains incomplete. For those habitat types and species it can therefore not be concluded that the Natura 2000 network is complete.

(8) In the interests of clarity and transparency, Implementing Decision (EU) 2015/2374 should be repealed.

(9) The measures provided for in this Decision are in accordance with the opinion of the Habitats Committee,

HAS ADOPTED THIS DECISION:

Article 1

The tenth update of the list of sites of Community importance for the Mediterranean biogeographical region as set out in the Annex is adopted.

Article 2

Implementing Decision (EU) 2015/2374 is repealed.

Article 3

This Decision is addressed to the Member States.

Done at Brussels, 9 December 2016.

For the Commission

Karmenu VELLA

Member of the Commission

ANNEX

Tenth update of the list of sites of Community importance for the Mediterranean biogeographical region

Each site of Community importance (SCI) is identified by the information supplied in the Natura 2000 format, including the corresponding map. This information has been transmitted by the competent national authorities in accordance with the second subparagraph of Article 4(1) of Directive 92/43/EEC.

The table below gives the following information:

A: SCI code comprising nine characters, the first two being the ISO code for the Member State;

B: name of SCI;

C: * = presence on the SCI of at least one priority natural habitat type and/or species within the meaning of Article 1 of Directive 92/43/EEC;

D: area of SCI in hectares or length of SCI in km;

E: geographical coordinates of SCI (latitude and longitude) in decimal degrees.

All the information given in the Union list below is based on the data proposed, transmitted and validated by Greece, Croatia, Spain, France, Cyprus, Italy, Malta, Portugal and the United Kingdom.

A	B	C	D		E
