of 15 December 1975

amending the Annexes to Council Directive 70/524/EEC of 23 November 1970 concerning additives in feedingstuffs

(76/13/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 70/524/EEC of 23 November 1970 concerning additives in feedingstuffs (1), as last amended by twelfth Commission Directive 75/696/EEC of 24 October 1975 (2), and in particular Article 6 thereof,

Whereas this Directive provides for the contents of the Annexes to be regularly amended to take account of developments in scientific and technical knowledge ;

Whereas greater experience of certain additives permitted in the whole Community or approved only at national level allows the conditions under which they may be incorporated into feedingstuffs to be amended ;

Whereas the use of the growth promoter nitrovin for swine, which has hitherto been included in Annex II, has been widely tested in the Community ; whereas it should therefore be authorized, subject to certain conditions, at Community level ;

Whereas the use of the antibiotics zinc-bacitracin and flavophospholipol for laying hens, which is included in Annex II, subject to certain conditions, requires an extension of the period of authorization in order to allow further testing ;

Whereas the measures provided for in this Directive are in accordance with the opinion of the Standing Committee for Feedingstuffs,
