16.10.68 Official Journal of the European Communities No L 253/3

REGULATION (EEC) No 1602/68 OF THE COUNCIL

of 15 October 1968

making additional provision for the financing of the common agricultural policy in respect of certain cereal products and certain of their derivatives

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 200 (3) thereof;

Having regard to the proposal from the Commission;

Having regard to the Opinion of the European Parliament[1];

Whereas, under the terms of Article 11 (4) of Council Regulation No 130/66/EEC[2] of 26 July 1966 on the financing of the common agricultural policy it rests with the Council to establish that charges other than customs duties are identical with the levies within the meaning of that Article;

Whereas since the adoption of Regulation No 130/66/EEC, several Regulations on the common organisation of markets have been adopted which make provision for charges other than customs duties, without it having been established in every case that they are identical with the afore-mentioned levies; whereas this situation should therefore be remedied;

Whereas Article 23 (2) of Council Regulation No 120/67/EEC[3] of 13 June 1967 on the common organisation of the market in cereals made it possible for the Italian Republic to reduce the import levies on certain products; whereas such a reduction entails the imposition of countervailing and other charges by the Italian Republic on deliveries to other Member States; whereas, therefore, such charges have the same aim and purpose as the levies; whereas the amount of such charges should therefore be included when calculating the first part of the contributions by Member States laid down in Article 11 of Regulation No 130/66/EEC;

Whereas it appears from Article 30 of Council Regulation No 359/67/EEC[4] of 25 July 1967 on the common organisation of the market in rice that the Council intends to apply to the common market in rice the Community rules on the financing of the common agricultural policy; whereas provisions should be laid down for that purpose;

HAS ADOPTED THIS REGULATION:
