29.7.69 Official Journal of the European Communities No L 185/1

REGULATION (EEC) No 1473/69 OF THE COMMISSION

of 24 July 1969

amending Regulation No 470/67/EEC as regards new varieties produced in the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC[1] of 25 July 1967 on the common organisation of the market in rice, as last amended by Regulation (EEC) No 1603/68,[2] and in particular Article 3 (5) thereof;

Whereas new varieties of rice are now produced in the Community which are not among the Community-grown varieties listed in Commission Regulation No 470/67/EEC[3] of 21 August 1967 on the taking over of paddy rice by intervention agencies, and fixing the corrective amounts, price increases and reductions applied by them, as amended by Regulation (EEC) No 937/68[4]; whereas it is therefore necessary to include them taking into account the actual differences between their quality and that of the varieties already listed in that Regulation;

Whereas, when classifying the new varieties and determining the corrective amounts, the fact that some of these are of better quality than other existing varieties should be taken into account; whereas, furthermore, in order to take into account the present yield of certain varieties, the yield requirements necessary for intervention should be increased for these varieties;

Whereas there was an error, which should be corrected, in the reference made to the Annexes in Article 4 (3) of the above-mentioned Regulation;

Whereas the Management Committee for Cereals has not issued an Opinion within the time limit set by its Chairman;

HAS ADOPTED THIS REGULATION:

Article 1
