No L 260/16 Official Journal of the European Communities 16.10.69

REGULATION (EEC) No 2027/69 OF THE COMMISSION

of 15 October 1969

amending Regulation (EEC) No 1473/69 as regards the yield required from certain varieties of rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC[1] of 25 July 1967 on the common organisation of the market in rice, as last amended by Regulation (EEC) No 1398/69,[2] and in particular Article 5 (5) thereof;

Whereas Commission Regulation (EEC) No 1473/69 of 24 July 1969 amending Regulation No 470/67/EEC[3] as regards new varieties produced in the Community altered certain yields required from paddy rice;

Whereas the percentage of 63 fixed in that Regulation for the Balilla variety of rice and other varieties classed therewith does not correspond to the percentage laid down in Article 2 of Council Regulation No 362/67/EEC[4] of 25 July 1967 fixing the standard qualities for rice and broken rice, as amended by Regulation No 867/67/EEC,[5] and whereas the intervention price valid for the 1969/70 marketing year was already fixed for this standard quality;

Whereas Regulation (EEC) No 1473/69 should therefore be amended to bring it into line with Regulation No 362/67/EEC;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals;

HAS ADOPTED THIS REGULATION:

Article 1

The figure '62%' shall be substituted for '63%' in the Table set out in Article 1 (3) of Regulation (EEC) No 1473/69.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 October 1969.

For the Commission
The President
Jean REY
