No L 154/14 Official Journal of the European Communities 15.7.70

REGULATION (EEC) No 1382/70 OF THE COMMISSION

of 14 July 1970

amending the Annex to Regulation No 225/67/EEC as regards the coefficients of equivalence for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC[1] of 22 September 1966 on the establishment of a common organisation of the markets in oils and fats, as last amended by Regulation (EEC) No 1253/70[2];

Having regard to Council Regulation No 115/67/EEC[3] of 6 June 1967 laying down criteria for determining world market prices for oil seeds and fixing the frontier crossing point, and in particular Article 7 thereof;

Whereas Article 3 of Commission Regulation No 225/67/EEC[4] of 28 June 1967 on detailed rules for determining the world market price for oil seeds, as last amended by Regulation (EEC) No 458/70[5] provides that where the offers and quotations used relate to a quality other than the standard quality for which the target price was fixed they must be adjusted on the basis of the coefficients of equivalence shown in the Annex;

Whereas it appears that the quality of colza and rape seed delivered by Canada during the 1969/70 marketing year differs in certain respects from the quality used when the coefficients of equivalence were determined; whereas the coefficient shown in the Annex to Regulation No 225/67/EEC for colza and rape seed from that country should therefore be amended;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats;

HAS ADOPTED THIS REGULATION:

Article 1

Part A of the Annex to Regulation No 225/67/EEC shall be amended as follows:

	Coefficient of equivalence	
	Amount to be deducted from the price (u.a. per 100 kg)	Amount to be added to the price (u.a. per 100 kg)
A. Colza and rape seed:		
Seed from Canada:		
— with an oil content of 40%	0·02	
— with an oil content of 42%	0·12	
Seed from Sweden	0·03	
Seed from Poland	0·14	
Seed from Denmark	0·08	
Seed from other European territories	0·16
