10.10.70 Official Journal of the European Communities No L 224/1

REGULATION (EEC) No 2005/70 OF THE COMMISSION

of 6 October 1970

on the classification of vine varieties

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty setting up the European Economic Community;

Having regard to Council Regulation (EEC) No 816/70[1] of 28 April 1970 laying down additional provisions for the common organisation of the market in wine, as amended by Regulation (EEC) No 1253/70,[2] and in particular the second subparagraph of Article 16 (1) and Article 37 thereof;

Whereas Article 16 (1) of Regulation (EEC) No 816/70 provides for a classification of vine varieties approved for cultivation in the Community; whereas those vine varieties should be classified, by administrative units or parts thereof, into recommended vine varieties, authorised vine varieties and provisionally authorised vine varieties;

Whereas this classification of vine varieties should be adopted in the light of the provisions and criteria of Council Regulation (EEC) No 1388/70[3] of 13 July 1970 on general rules for the classification of vine varieties;

Whereas Article 16 (2) of Regulation (EEC) No 816/70 provides that from 1 September 1971 only recommended or authorised vine varieties may be used for new vine planting, replanting or grafting; whereas, moreover, in accordance with point 10 of Annex II to Regulation (EEC) No 816/70, only wines derived from vine varieties appearing in the classification of vine varieties may be considered as table wines;

Whereas strict application of Regulation (EEC) No 1388/70 would, in certain cases, lead to considerable difficulties, since the classification is intended to serve as guidance for vine-planting; whereas, therefore, exceptions in respect of table grape varieties used by the canning industry which are not subject to the common quality standards applicable to table grapes should be allowed for a transitional period;

Whereas the measures provided in this Regulation are in accordance with the Opinion of the Management Committee for Wines;

HAS ADOPTED THIS REGULATION:

Article 1

The classification of vine varieties shall be as shown in the Annex to this Regulation.

Article 2

1. This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

2. The provisions of Title II of the Annex to this Regulation shall be valid until 31 August 1971.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 6 October 1970.

For the Commission
The President
