No L 28/10 Official Journal of the European Communities 5.2.70

REGULATION (EEC) No 207/70 OF THE COMMISSION

of 4 February 1970

amending Regulation (EEC) No 1082/68 fixing coefficients expressing the meat content of preserved meats manufactured from frozen meat

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68[1] of 27 June 1968 on the common organisation of the market in beef and veal, as last amended by Regulation (EEC) No 2463/69,[2] and in particular Article 14 (4) (b) thereof;

Whereas Commission Regulation (EEC) No 1082/68[3] of 26 July 1968 fixing coefficients expressing the meat content of preserved meats manufactured from frozen meat classified such preserved meats according to their meat content;

Whereas manufacturing process for homogenised preserved meats differs from that employed for other preserved meats; whereas there should therefore be coefficients for these preserved meats which take their special characteristics into account;

Whereas, moreover, it is difficult to establish the precise meat content of these preserved meats once manufactured; whereas, therefore, their manufacture should be controlled;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal;

HAS ADOPTED THIS REGULATION:

Article 1

The following paragraph 2 shall be added to Article 1 of Regulation (EEC) No 1082/68:

'2. The Member States shall set up a form of control which will make it possible to determine the quantity of boned frozen meat used in the manufacture of homogenised preserved meats.'

Article 2

The Annex below shall be substituted for the Annex to Regulation (EEC) No 1082/68:
