29.10.70 Official Journal of the European Communities No L 238/3

REGULATION (EEC) No 2164/70 OF THE COUNCIL

of 27 October 1970

on imports of olive oil from Spain

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof;

Having regard to the proposal from the Commission;

Having regard to the Opinion of the European Parliament[1];

Whereas Article 8 of Annex I to the Agreement between the European Economic Community and Spain makes provision for special treatment to be accorded to imports of olive oil falling within sub-heading No 15.07 A II of the Common Customs Tariff obtained entirely in Spain and transported direct from that country to the Community; whereas, before that treatment can be accorded, rules for its application must be adopted;

Whereas this special treatment involves a standard rebate of 0·50 units of account per 100 kilogrammes on the levy charged on such oil on importation into the Community; whereas, on condition that Spain imposes a special charge on exports, this treatment also involves a reduction in the levy corresponding to the amount of that special charge up to a maximum of 4 units of account per 100 kilogrammes;

Whereas, in accordance with the terms of the Agreement, the special export charge should have the effect of increasing the price of oil on importation into the Community; whereas, to ensure that the treatment in question is correctly applied, the special export charge should have been paid when the oil is imported;
