No L 147/2 Official Journal of the European Communities 29.6.72

REGULATION (EEC) No 1332/72 OF THE COUNCIL

of 27 June 1972

fixing the main intervention centres for oil seeds for the 1972/73 marketing year and the derived intervention prices applicable in these centres

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC[1] of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 2727/71,[2] and in particular the first subparagraph of Article 22 (2) thereof;

Having regard to the proposal from the Commission;

Whereas, in accordance with Article 22 (2) of Regulation No 136/66/EEC, the main intervention centres for colza, rape and sunflower seeds, and the derived intervention prices applicable thereto must be fixed for the 1972/73 marketing year;

Whereas the places with the largest markets situated in the main production are as should be taken as the main intervention centres; whereas, to ensure an appropriate price level for Community seeds in deficit areas, the most representative places for the processing of seeds should also be used, as well as places situated outside production areas which are representative as regards internal trade and the export of seeds;

Whereas, in accordance with Article 24 of Regulation No 136/66/EEC, derived intervention prices must be fixed at a level permitting seed to move freely within the Community, under natural conditions of price formation and in accordance with the needs of the market; whereas to that end, intervention prices should be fixed so that the differences between them correspond to the price differences to be expected in the case of a normal harvest;

Whereas the experience gained during the course of the 1971/72 marketing year has shown that the main intervention centres for that year should be retained, with the exception of Treviso for colza and rape seed;

Whereas changes in transport costs in Member States necessitate certain alterations in the derived intervention prices applicable for the 1972/73 marketing year in relation to those applicable for the preceding year;

HAS ADOPTED THIS REGULATION:

Article 1

For the 1972/73 marketing year, the main intervention centres for colza, rape and sunflower seeds and the derived intervention prices applicable in these centres shall be those shown in the Annex.

Article 2

This Regulation shall enter into force on 1 July 1972.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 27 June 1972.

For the Council
The President
G. THORN
