15.7.72 Official Journal of the European Communities No L 159/3

REGULATION (EEC) No 1506/72 OF THE COMMISSION

of 13 July 1972

fixing for the 1972/73 marketing year the amounts to be taken into account for the purpose of adjusting import levies and export refunds fixed in advance for rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC[1] of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 2726/71,[2] and in particular Articles 13 (5) and 17 (6) thereof;

Having regard to Council Regulation No 365/67/EEC[3] of 25 July 1967 on rules for the advance fixing of levies on rice and broken rice, as supplemented by Regulation No 1018/67/EEC,[4] and in particular Article 9a (2) thereof;

Whereas Council Regulation No 365/67/EEC and Council Regulation No 366/67/EEC[5] of 25 July 1967 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds, as supplemented by Regulation No 1019/67/EEC,[6] provide that in the case of advance fixing, the import levy and the export refund must be adjusted for the conversion rates at the different processing stages of rice; whereas this provision results in the application of the conversion rates to the amount of the monthly increases in the price of husked rice to obtain the increases applicable to paddy rice, and to the amount of the monthly increases in the price of milled rice to obtain the increases applicable to semi-milled rice;

Whereas, for the 1972/73 marketing year, the monthly increases in the threshold price for husked rice were fixed by Council Regulation (EEC) No 1409/72[7] of 27 June 1972; whereas the monthly increases in the price of milled rice were included in the threshold prices for that rice, calculated in the case of milled round-grained rice and milled long-grained rice by Commission Regulation (EEC) No 1500/72[8] of 13 July 1972, fixing, for the 1972/73 marketing year, the variety of long-grained rice representative of Community production, the difference in value between this variety and the variety of round-grained rice corresponding to the standard quality, the threshold price for long-grained husked rice and the threshold prices for milled rice; whereas the conversion rates to be taken into account were fixed by Commission Regulation No 467/67/EEC[9] of 21 August 1967, as last amended by Regulation (EEC) No 1499/72[10];

Whereas, for each processing stage of the rice taken into account, the application of the conversion rates to the amount of the monthly increases results in the amounts shown in the tables of the Annex to this Regulation; whereas the levy or refund valid for the month of advance fixing must therefore be increased by these amounts to obtain the levy or refund valid for the month of importation or exportation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals;

HAS ADOPTED THIS REGULATION:
