No L 163/12 Official Journal of the European Communities 19.7.72

REGULATION (EEC) No 1533/72 OF THE COMMISSION

of 18 July 1972

fixing the denaturing premium for common wheat for the 1972/73 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC[1] of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 796/72,[2] and in particular Articles 7 (5) and 23 (5) thereof;

Whereas Council Regulation No 172/67/EEC[3] of 27 June 1967 on general rules governing the denaturing of wheat and rye of bread-making quality, as last amended by Regulation (EEC) No 2096/68,[4] specifies that the denaturing premium must be fixed before the beginning of, and for the duration of the marketing year, but may exceptionally be amended where there is a threat of disturbances on the Community market in cereals;

Whereas pursuant to Commission Regulation (EEC) No 1403/69[5] of 18 July 1969 laying down detailed rules for the application of the provisions concerning denaturing of common wheat and rye of bread-making quality, as last amended by Regulation (EEC) No 1588/71,[6] the denaturing premium consists of two components, the first allowing for the differences between prices for common wheat and for barley, without disturbing the market in barley and maize, the second representing the costs of denaturing;

Whereas, for the first component, the difference between the basic intervention prices for common wheat and barley as varied monthly should be taken into account, except that in June and July 1973, when the intervention prices are those of the following year, the May 1973 difference should be taken into account since it is more representative of the market; whereas 1·50 units of account should be added to this difference since the retention of part of the increase granted at the end of the 1968/69 marketing year would serve to encourage denaturing and consequently the disposal of common wheat on the feedgrain market which is in deficit;

Whereas, however, for the months of August and September the monthly variation for the month of October should be taken into account to raise the level of the premium at the beginning of the marketing year;

Whereas the second component should represent the technical costs of denaturing or the special costs of admixture; whereas this component, fixed at a flat rate on the basis of the average costs, in the Community, of the standard method set out in Annex I to Regulation (EEC) No 1403/69, must be fixed in such a way as to encourage denaturing by admixture since this is less costly and presents greater economic advantages;

Whereas the Management Committee for Cereals has not delivered an Opinion within the time limit set by its Chairman;

HAS ADOPTED THIS REGULATION:

Article 1

For the 1972/73 marketing year the denaturing premium provided for in Article 4 (1) of Regulation No 172/67/EEC shall be as shown in the Table in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 August 1972.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 July 1972.

For the Commission

The President

S. L. MANSHOLT

ANNEX

Amount of the denaturing premium for common wheat for the 1972/73 marketing year

(units of account per metric ton)

Month	Total amount of the premium	
	Denaturing	Admixture
August 1972	15·59	14·59
September 1972	15·59	14·59
October 1972	15·59	14·59
November 1972	15·81	14·81
December 1972	16·03	15·03
January 1973	16·25	15·25
February 1973	16·47	15·47
March 1973	16·69	15·69
April 1973	16·91	15·91
May 1973	17·13	16·13
June 1973	17·13	16·13
July 1973	17·13	16·13
