No L 167/18 Official Journal of the European Communities 25.7.72

REGULATION (EEC) No 1574/72 OF THE COMMISSION

of 24 July 1972

fixing the denaturing premium for sugar intended for animal feed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 1009/67/EEC[1] of 18 December 1967 on the common organization of the market in sugar, as last amended by Regulation (EEC) No 607/72,[2] and in particular Article 9 (8) thereof;

Whereas Article 9 (2) of Regulation No 1009/67/EEC allows intervention agencies to grant denaturing premiums for sugar rendered unfit for human consumption;

Whereas Article 2 (2) of Council Regulation (EEC) No 2049/69[3] of 17 October 1969 laying down general rules on the denaturing of sugar for animal feed, as amended by Regulation (EEC) No 2863/71,[4] provides that denaturing premiums shall be fixed only if total sugar surpluses available for denaturing in the Community and the economic aspects of the proposed denaturing justify it;

Whereas the supply balance sheet for the 1971/72 marketing year and the outlook for the 1972/73 marketing year, on the basis of information now available, would permit a certain amount of white sugar being made available for denaturing; whereas, in apiculture, sugar is the only feedingstuff for which there is no substitute; whereas a suitable amount should therefore be fixed for the premium and a specific denaturing process determined by way of derogation from Commission Regulation (EEC) No 100/72[5] of 14 January 1972 laying down detailed rules on the denaturing of sugar for animal feed;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Sugar;

HAS ADOPTED THIS REGULATION:

Article 1

The denaturing premium for white sugar is hereby fixed at 8·50 units of account per 100 kilogrammes for a limited period until 30 September 1972.

Article 2

By way of derogation from Article 21 (2) (a) of Regulation (EEC) No 100/72, the denaturing premium referred to in Article 1 shall be paid only if the white sugar has been denatured under supervision in an approved establishment and in accordance with the process described in the Annex to this Regulation. This process shall be indicated on the relevant denaturing premium certificate.

Article 3

By way of derogation from Article 16 (1) of Regulation (EEC) No 100/72, premium certificates issued in respect of the premium referred to in Article 1 shall be valid until 30 September 1973.

Article 4

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 24 July 1972.

For the Commission

The President

S. L. MANSHOLT

ANNEX

Denaturing process

Denaturing shall be effected by the homogenous admixture with 100 kilogrammes of white sugar of:

either (a) 0·050 kilogrammes of octo-acetylsucrose;

or (b) 0·125 kilogrammes of garlic powder with 0·050 kilogrammes of powdered vegetable charcoal added;

or (c) 0·250 kilogrammes of ferric oxide.
