24.4.72 Official Journal of the European Communities No L 97/1

REGULATION (EEC) No 773/72 OF THE COMMISSION

of 14 April 1972

on requests for reimbursement under EAGGF, Guarantee Section, for the accounting periods 1967/68 to 1970

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 17/64/EEC[1] of 5 February 1964 on the conditions for granting aid from the European Agricultural Guidance and Guarantee Fund, as last amended by Regulation (EEC) No 2591/70[2], and in particular Article 9 (5) thereof;

Whereas, in view of the limited validity of Commission Regulation No 52/67/EEC[3] of 17 March 1967 on requests for reimbursement under EAGGF, Guarantee Section, and the introduction on 1 January 1971 of the definitive system for financing the common agricultural policy, detailed rules should be laid down for requests for reimbursement for the periods 1967/68 to 1970;

Whereas these rules must enable Member States to make their requests in a uniform manner and in accordance with the Regulations on Community financing; whereas the information to be supplied for the purpose should be accompanied by a report for each accounting period giving explanations and other supporting matter to facilitate verification;

Whereas Articles 2 and 8 of Council Regulation (EEC) No 728/70[4] of 21 April 1970 on additional provisions for the financing of the common agricultural policy provided exceptionally for charging to the 'second half of 1969' and 1970 accounting periods expenditure arising from operations carried out between 1 July 1967 and 1 January 1970 respectively and the last day of those periods; whereas the same applies to receipts arising from operations carried out between 1 July 1967 and the last day of the 'second half of 1969' accounting period; whereas the precise meaning of 'operation carried out' consequently needs to be defined according to type of expenditure and receipt;

Whereas the information relating to these operations must in certain cases show the special features of certain sectors or certain accounting periods; whereas, in particular for milk and milk products, the calculation of storage aid should be determined for the 1967/68 period in accordance with the provisions of Article 5 of Council Regulation (EEC) No 1135/68[5] of 30 July 1968 on the financing of intervention expenditure in respect of the internal market in milk and milk products, and for the 1967/68 and 1968/69 periods the effect of production aid on export refunds should be determined in accordance with the provisions of Articles 2 to 4 of Regulation No 17/64/EEC;

Whereas compensatory amounts have been charged or granted in trade in certain products because of the corrective amounts laid down for intervention prices for butter and skimmed-milk powder in certain Member States under Article 4 (1) of Council Regulation (EEC) No 886/68[6] of 28 June 1968, as last amended by Regulation (EEC) No 2433/69[7], or under Article 4 (1) of Council Regulation (EEC) No 1222/70[8] of 29 June 1970 fixing the target price for milk and the intervention prices for butter, skimmed-milk powder and Grana padano and Parmigiano Reggiano cheese valid for the 1968/69, 1969/70 and 1970/71 milk years; whereas the Member States concerned must consequently declare the amounts of their refunds and levies as modified by these compensatory amounts;

Whereas the payments and receipts handled by the authorities of the Member States are included in the national accounts; whereas the figures must therefore be extracted from these accounts and, since they

are in aggregate form, the vouchers relating to them should be kept until Community verification has been completed;

Whereas, in accordance with Article 12 of Council Regulation (EEC) No 283/72[1] of 7 February 1972 concerning irregularities and the recovery of sums wrongly paid in connection with the financing of the common agricultural policy and the organization of an information system in this field, the details which Member States must include in their requests as regards irregularities and negligence having financial consequences, and the amounts relating thereto, need to be specified;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Fund Committee,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1967/68, 1968/69, second half of 1969 and 1970 accounting periods, requests for reimbursement made to the Commission by Member States in accordance with Article 9 (2) (c), (2a) (b) and (2b) (c) of Regulation No 17/64/EEC, in respect of expenditure eligible under EAGGF, Guarantee Section, shall consists of three parts:

(a) figures relating to refunds on exports to third countries, to intervention on the internal market, to other measures covered by the Guarantee Section and, except for the 1970 period, to levies and like charges including the contributions levied in the sugar sector;

(b) a report containing information to facilitate verification of the figures, in accordance with Article 6;

(c) a summary of all types of expenditure and any receipts, giving their total amount.

2. Requests for reimbursement shall be forwarded in triplicate; they may be forwarded by instalments; in that case the summary must be sent with the last communication.

Article 2

1. For the 1967/68 and 1968/69 accounting periods, refunds on exports to third countries, intervention and other measures, and levies and like charges including contributions levied in the sugar sector referred to in Article 1 (1) (a) shall relate to operations carried out from 1 July 1967 in respect of which payments or receipts have been effected not later than the last day of each of the periods in question.

2. For the 'second half of 1969' accounting period, refunds on exports to third countries, intervention and other measures, and levies and like charges including contributions levied in the sugar sector referred to in Article 1 (1) (a), shall relate to operations carried out between 1 July 1967 and 31 December 1969 in respect of which payments or receipts not yet declared under paragraph 1 have been effected since 1 July 1969 or remain to be effected on the date on which the request is made.

3. For the 1970 accounting period, refunds on exports to third countries, intervention and other measures, referred to in Article 1 (1) (a), shall relate to operations carried out during that period in respect of which payments have been effected or remain to be effected on the date on which the request is made.

4. For the purposes of paragraphs 2 and 3 'operation carried out' means the actual implementation by 31 December 1969 and 31 December 1970 respectively of a decisive stage of an exportation to a third country, an intervention, an importation or any other measure.

Article 3

1. The figures referred to in Article 1 (1) (a) shall be supplied in the form shown in Tables I to XI annexed.

2. Member States shall specify whether the figures relating to refunds and intervention supplied in the form shown in Tables I to XI (b) are net of the amounts relating to irregularities or negligence recovered by the date on which the request is made.

3. Figures relating to exports and refunds broken down by tariff subheading in accordance with Tables I (a), I (b) and I (c) must show separately all products, derived products and varieties in respect of which a specific refund rate has been adopted by the Commission. Moreover, where products have been the subject of food gifts under the Food Aid Convention, the quantities in question and the refunds at the fob stage paid in respect of these operations must be shown separately.

The amounts of refunds and levies relating to products in respect of which compensatory amounts have been charged or granted because of the corrective amounts provided for in Article 4 (1) of Regulation (EEC) No 886/68 or in Article 4 (1) of Regulation (EEC) No 1222/70 shall take account of the application of those compensatory amounts to trade with third countries. France shall deduct from the

[1] OJ No L 36, 10.2.1972, p. 1.

refunds and levies thus calculated the incidence of the compensatory amounts which it applied.

4. Member States which grant production aid under the common organization of the market in milk and milk products shall declare it in the following way for the accounting periods 1967/68 and 1968/69 until 28 July 1968 inclusive, in accordance with Table I (c):

- exports shall be gross exports to third countries for the period, as defined in Article 2 (4) of Regulation No 17/64/EEC;
- exports for the accounting period in question shall be converted into basic products in the same way as for the preceding period;
- the incidence per unit of the aid shall be taken for the last quarter of the 1966/67 period minus the reductions taken into consideration by the Regulations fixing the different threshold prices for the period in question;
- the incidence per basic product shall be obtained by multiplying the incidence per unit by the exports expressed as basic products.

5. Figures relating to intervention and other measures, which are to be supplied by product and by type of intervention in accordance with Tables IX (a) and IX (b), must as a general rule be recorded separately for each change in the rate of expenditure per unit occurring during the period.

Article 4

1. The figures referred to in Article 1 (1) (a) shall be extracted from the accounts of the department or agency responsible for:

- payments of refunds on exports to third countries,
- management of products bought in under intervention,
- payments for expenditure resulting from other intervention and measures,
- collection of levies, like charges and contributions levied in the sugar sector.

2. If the accounts of the department or agency are in such a form that the breakdown required for the tables annexed cannot be obtained from them, other sources of information shall be consulted to obtain the breakdown.

3. Vouchers for payments and receipts shall be retained by the Member States at least until 31 December of the financial year following that in which the Commission has taken a decision on aid from EAGGF, Guarantee Section.

Article 5

As regards irregularities and negligence which have affected expenditure for the 1967/68, 1968/69, second half of 1969 and 1970 accounting periods, Member States shall supply:

1. if the administrative or judicial procedures have been completed, details in accordance with Table XI annexed
   - indicating the sectors involved, the nature and amount of the expenditure and the amounts already recovered,
   - indicating the likelihood of recovering the amounts and, where appropriate, stating the amounts which in the opinion of the Member State concerned would be chargeable to itself or to the Community;
2. during the first quarter of 1973, if the administrative or judicial procedures have not been completed by the end of 1972, a summary by accounting period of the cases which have not yet been settled, indicating the sectors involved and the nature of the expenditure in question.

Member States shall also state the order of magnitude of the expenditure in question in such cases and why the cases have not yet been settled.

Article 6

The report referred to in Article 1 (1) (b) shall include the following:

(a) particulars of the department or agency where the accounts from which the figures have been extracted, in accordance with Article 4 of this Regulation, and the vouchers relating to payments and receipts may be consulted;

(b) the status of the national controls to which the data used for compiling the figures were submitted;

(c) an explanation in the event of the figures relating to intervention not being broken down as required by Article 3 (5) and in the event of use being made, in accordance with Article 4 (2), of information other than that drawn from the accounts;

(d) the application of 'operation carried out', as defined, to the second half of 1969 and the 1970 period;

(e) explanations, as necessary, in amplification of Tables I to XI, as provided for in Articles 3 and 5;

(f) mention of any difficulties encountered and the solutions adopted.

Article 7

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 April 1972.

For the Commission
The President
S. L. MANSHOLT

ANNEXES

to Commission Regulation (EEC) No 773/72 on requests for reimbursement under EAGGF, Guarantee Section, for the accounting periods 1967/68 to 1970

Note on the calculation of ton/days of storage (Table III (a))

1. The number of ton/days of storage to be taken for calculating the eligible amount of expenditure on the public storage of butter for the 1967/68 accounting period shall be arrived at as follows:

   - calculate the net entries and net withdrawals each fortnight, fortnights running from the 1st to the 15th of each month and from the 16th to the end of the month, except for the last fortnight of the period which runs from 16 to 28 July 1968;

   - calculate the tonnage of butter in stock at the end of the fortnight by adding net entries to or deducting net withdrawals from the stock since the beginning of the fortnight, stock on 1 April 1967 being taken as the basis;

   - multiply aggregate stocks at the end of the fortnight, plus half the stock on 1 April 1967 and minus half the stock on 28 July 1968, by 15·2.

2. The number of ton/days of storage to be taken for calculating the eligible amount of expenditure on the private storage of butter shall be arrived at as in paragraph 1 for public storage, cream being added to the butter after conversion into butter equivalent by applying the coefficient 1·18 to the fat content of the cream. The date of withdrawal of butter from private storage shall be reckoned as the date on which the butter under contract ceases to rate for the daily premiums.
