REGULATION (EEC) No 1693/73 OF THE COUNCIL

of 25 June 1973

establishing Community supervision of imports of certain products originating in Norway

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof;

Having regard to the proposal from the Commission;

Whereas an Agreement between the European Economic Community and the Kingdom of Norway [1] was signed on 14 May 1973;

Whereas Articles 2 and 3 of that Agreement make provision for the progressive abolition of customs duties in respect of the products to which the Agreement applies; whereas by way of derogation from these Articles, Articles 1, 2 and 3 of Protocol No 1 annexed to the Agreement lay down that, for imports of certain products listed in Annex C to that Protocol, the reduction of duties shall be limited in 1973 to indicative ceilings above which the customs duties applicable to third countries may be reintroduced; whereas application of this last provision requires that the Community be regularly informed of the trend of imports of the products in question originating in Norway; whereas it is, therefore, desirable that imports of these products be subjected to a system of supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the indicative ceilings at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for consumption; whereas this administrative procedure must make provision for the reintroduction of customs tariff duties as soon as the ceilings have been reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission and whereas the latter must, in particular, be able to follow the progress of amounts set off against the indicative ceilings and keep the Member States informed; whereas this cooperation must be all the closer since the Commission must be able to take adequate measures to reintroduce customs tariff duties whenever one of the ceilings has been reached;

Whereas the amounts mentioned in Annex C of this Protocol represent the annual indicative ceilings; whereas, on the entry into force of the agreement, being nevertheless provided for 1 July 1973, the *'pro rata temporis'* clause of Article 4 of the Protocol is applicable.

Whereas, for the products which, in accordance with Articles 2 and 3 of the Agreement, are subject to the normal time-table for the abolition of customs duties it is necessary to follow the trend of imports; whereas to this end the Community should be empowered to take measures, where appropriate, to avoid any prejudice to industry in the Community and whereas it is, therefore, desirable that imports of these products also be subjected to a system of supervision;

HAS ADOPTED THIS REGULATION:

Article 1

1. Imports of products originating in Norway to which annual indicative ceilings are applied in accordance with Articles 1, 2, 3 and 4 and Annex C to Protocol No 1 to the Agreement between the European Economic Community and the Kingdom of Norway shall be subjected to Community supervision from 1 July 1973 until 31 December 1973.

The description of the products referred to in the preceding subparagraph, their tariff headings and statistic numbers and the levels of the indicative ceilings which result from the application of the *'pro rata temporis'* clause in virtue of Article 4 of the Protocol are given in Annex I.

2. Amounts shall be set off against the indicative ceilings as and when products are submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol No 3 to the Agreement referred to in paragraph 1.

[1] See p. 2 of this Official Journal.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of a ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules.

3. As soon as the ceilings have been reached, the Commission may issue a Regulation reimposing the customs duties applicable to third countries for the whole Community until the end of the calendar year.

The new Member States shall simultaneously reimpose the duties provided for in Article 4 (f) of Protocol No 1 to the Agreement referred to in paragraph 1.

Article 2

During the period from 1 July 1973 until 31 December 1973, imports of the products referred to in Annex II which originate in Norway are subjected to Community supervision.

The Member States shall periodically inform the Commission of imports of these products; to this end, only products submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in Protocol No 3 to the Agreement referred to in Article 1 shall be taken into consideration.

Article 3

For the implementation of this Regulation the Commission shall take all necessary measures in close cooperation with the Member States.

Article 4

This Regulation shall enter into force on 1 July 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 25 June 1973.

For the Council

The President

R. VAN ELSLANDE

ANNEX I

LIST OF PRODUCTS SUBJECT TO INDICATIVE CEILINGS UPON IMPORTATION IN 1973

Commencement of supervision: 1 July 1973

Order No	CCT heading No	Description	Nimexe Code	Level of ceiling — metric tons —
1	2	3	4	5
	28.56	Carbides (for example, silicon carbide, boron carbide, metal carbides):		
IN 1		A. Of silicon	28.56-10	17 250
	48.01	Paper and paperboard (including cellulose wadding), machine-made, in rolls or sheets:		
		C. Kraft paper and kraft board:		
		II. Other:		
IN 2		— Kraft liner (a)	48.01-15, 21, 31	7 500
IN 3		— Kraft paper for large bags (a)	48.01-16, 23	14 250
IN 4		— other	48.01-08, 09, 11, 12, 13, 17, 19, 25, 26, 27, 28, 29, 33	13 500
		ex E. Other:		
IN 5		— Bible paper (India paper), copying tissue; other printing paper and other writing paper, not containing mechanical wood pulp or in which mechanical wood pulp does not represent more than 5 % (a)	48.01-58, 61, 62	17 500
IN 6		— Printing paper and writing paper, containing mechanical wood pulp (a), excluding copying tissue	48.01-64, 68	57 000
IN 7		— Fluting paper for corrugated paperboard (a)	48.01-75	21 750
IN 8		— Sulphite paper for wrapping purposes	48.01-71, 73	10 000
IN 9		— other, excluding cellulose wadding and tissues	48.01-41, 43, 45, 52, 53, 54, 55, 56, 77, 82, 84, 86, 88, 91, 93, 95, 97	16 500
IN 10	48.03	Parchment or greaseproof paper and paperboard, and imitations thereof, and glazed transparent paper, in rolls or sheets	48.03 - all Nos	10 500
	48.07	Paper and paperboard, impregnated, coated, surface-coloured, surface-decorated or printed (not being merely ruled, lined or squared and not constituting printed matter within Chapter 49), in rolls or sheets:		
		B. Other:		
IN 11		— other, excluding Coated printing or writing paper	48.07-55, 56, 64, 65, 66, 68, 70, 81, 85, 91, 97, 99	11 000

(a) Subject to compliance with the definitions in fine.

Order No	CCT heading No	Description	Nimexe Code	Level of ceiling — metric tons —
1	2	3	4	5
	73.02	Ferro-alloys:		
		A. Ferro-manganese:		
I N 12		II. Other	73.02-19, 40	67 500
		D. Ferro-silico-manganese		
I N 13		C. Ferro-silicon	73.02-30	90 000
I N 14		E. Ferro-chromium and ferro-silico-chromium	73.02-51, 55	11 500
		G. Other:		
I N 15		— Ferro-vanadium	73.02-83	245
I N 16		— Other, excluding ferro-molybdenum	73.02-60, 70, 98	5 500
I N 17	76.01	Unwrought aluminium; aluminium waste and scrap	76.01-11, 15	95 000
I N 18	76.02	Wrought bars, rods, angles, shapes and sections, of aluminium; aluminium wire	76.02 - all Nos	6 000
I N 19	76.03	Wrought plates, sheets and strip, of aluminium, of a thickness not exceeding 0·20 mm	76.03 - all Nos	9 000

DEFINITIONS

ex 48.01 C II **Kraft liner**

'Kraft liner' is to be taken to apply to machine-finished or machine-glazed paper or paperboard, in rolls of a width of not less than 110 cm, containing not less than 90 % of chemical sulphate softwood pulp calculated on total fibre content, weighing more than 115 g/m² and having a Mullen burst ratio of not less than 35.

ex 48.01 C II **Kraft paper for large bags**

'Kraft paper for large bags' is to be taken to apply to machine-finished paper, in rolls of a width exceeding 70 cm, containing not less than 90 % of chemical sulphate softwood pulp calculated on total fibre content, weighing not less than 60 g/m² but not more than 115 g/m², having a Mullen burst ratio of not less than 38, and having a stretch factor of more than 5 % in the cross direction and of more than 3 % in the machine direction.

ex 48.01 E **Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5 % of mechanical wood pulp**

'Other printing paper and other writing paper, not containing mechanical wood pulp or containing not more than 5 % of mechanical wood pulp' is to be taken to apply to paper, other than machine-glazed, used for printing or writing, which contains not more than 5 % of chemical wood pulp calculated on total fibre content.

ex 48.01 E **Printing paper and writing paper, containing mechanical wood pulp**

'Printing paper and writing paper containing mechanical wood pulp' is to be taken to apply to paper, other than machine-glazed, used for printing and writing, containing more than 5 % of mechanical wood pulp calculated on total fibre content.

ex 48.01 E **Fluting paper for corrugated paperboard**

'Fluting paper for corrugated paperboard' is to be taken to apply to paper, in rolls of a width of not less than 110 cm, containing not less than 70 % of unbleached semi-chemical hardwood pulp (pulp obtained from wood by light chemical treatment followed by mechanical treatment) calculated on total fibre content, and having a CMT (Concora Medium Test) crush resistance exceeding 20 kp.

ex 48.01 E **Sulphite paper for wrapping purposes**

'Sulphite paper for wrapping purposes' is to be taken to apply to machine-glazed paper not coloured in the mass containing more than 40 % of chemical bisulphite wood pulp, bleached or unbleached, calculated on total fibre content, having an ash content of not more than 8 % and having a Mullen burst ratio of not less than 25.

ANNEX II

LIST OF PRODUCTS REFERRED TO IN ARTICLE 2

Commencement of supervision: 1 July 1973

Order No	CCT heading No	Description	Nimexe Code
1	2	3	4
	28.04	Hydrogen, rare gases and other non-metals:	
		C. Other non-metals:	
II N 1		ex V. Silicon	28.04-93, 95
II N 2	44.15	Plywood, blockboard, laminboard, battenboard and similar laminated wood products (including veneered panels and sheets); inlaid wood and wood marquetry	44.15 - all Nos
II N 3	44.18	Reconstituted wood, being wood shavings, wood chips, sawdust, wood flour or other ligneous waste agglomerated with natural or artifical resins or other organic binding substances, in sheets, blocks or the like	44.18 - all Nos
	48.05	Paper and paperboard, corrugated (with or without flat surface sheets), creped, crinkled, embossed or perforated, in rolls or sheets:	
II N 4		B. Other	48.05-21, 29, 30, 50, 80
II N 5	48.09	Building board of wood pulp or of vegetable, fibre, whether or not bonded with natural or artifical resins or with similar binders	48.09 - all Nos
	56.01	Man-made fibres (discontinuous), not carded, combed or otherwise prepared for spinning:	
II N 6		B. Regenerated textile fibres	56.01-21, 23, 25, 29
	56.02	Continuous filament tow for the manufacture of man-made fibres (discontinuous):	
II N 7		B. Of regenerated textile fibres	56.02-21, 23, 25, 29
II N 8	74.03	Wrought bars, rods, angles, shapes and sections, of copper; copper wire	74.03 - all Nos
II N 9	74.04	Wrought plates, sheets and strip, of copper	74.04 - all Nos
II N 10	74.05	Copper foil (whether or not embossed, cut to shape, perforated, coated, printed, or backed with paper or other reinforcing material), of a thickness (excluding any backing) not exceeding 0·15 mm	74.05 - all Nos
II N 11	74.06	Copper powder and flakes	74.06 - all Nos
II N 12	74.07	Tubes and pipes and blanks therefor, of copper ; hollow bars of copper	74.07 - all Nos

Order No	CCT heading No	Description	Nimexe Code
1	2	3	4
	78.01	Unwrought lead (including argentiforous lead); lead waste and scrap:	
		A. Unwrought:	
II N 13		II. Other	78.01-12, 13, 15, 19
	79.01	Unwrought zinc; zinc waste and scrap:	
II N 14		A. Unwrought	79.01-11, 15
II N 15	81.01	Tungsten (wolfram), unwrought or wrought and articles thereof	81.01 - all Nos
II N 16	81.02	Molybdenum, unwrought or wrought and articles thereof	81.02 - all Nos
II N 17	81.03	Tantalum, unwrought or wrought and articles thereof	81.03 - all Nos
	81.04	Other base metals, unwrought or wrought, and articles thereof; Cermets, unwrought or wrought, and articles thereof:	
II N 18		B. Cadmium	81.04-16, 18
		C. Cobalt:	
II N 19		II. Other	81.04-23
II N 20		D. Chromium	81.04-26, 28
II N 21		E. Germanium	81.04-31, 33
II N 22		F. Hafnium (celtium)	81.04-36, 38
II N 23		G. Manganese	81.04-41, 43
II N 24		H. Niobium (columbium)	81.04-46, 48
II N 25		IJ. Antimony	81.04-51, 53
II N 26		K. Titanium	81.04-56, 58
II N 27		L. Vanadium	81.04-61, 63
II N 28		M. Uranium depleted in U 235	81.04-69
II N 29		O. Zirconium	81.04-81, 83
II N 30		P. Rhenium	81.04-91, 93
II N 31		Q. Gallium; indium; thallium	81.04-94, 95
II N 32		R. Cermets	81.04-97, 98
