REGULATION (EEC) No 1695/73 OF THE COUNCIL

of 25 June 1973

determining to what extent the monetary compensatory amounts applicable to beef and veal by reason of the depreciation of a currency may be higher than the charge on imports from third countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 974/71 [1] of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States, as last amended by Regulation (EEC) No 1225/73 [2], and in particular the second subparagraph of Article 4 (a) (2) thereof;

Having regard to the proposal from the Commission;

Whereas the compensatory amounts applicable by reason of the depreciation of a currency may not as a general rule be higher than the charge on imports from third countries; whereas, however, derogations from this rule may be made in exceptional cases;

Whereas the import charges on certain beef and veal products were suspended until 16 September 1973 by Regulation (EEC) No 182/73 [3] as last amended by Regulation (EEC) No 1331/73 [4]; whereas the rate of suspension was 100 % for animals for fattening referred to in Article 11 of Council Regulation (EEC) No 805/68 [5] of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 187/73 [6], but was less than 100 % of the customs duties for animals for other purposes;

Whereas, consequently, the compensatory amounts have to be adjusted by amounts varying according to the purpose for which the animals will be used, under Article 4 (a) of Regulation (EEC) No 974/71, which removes the economic advantage in respect of animals for fattening; whereas, therefore, it is necessary to restrict this adjustment so that the amount thereof is identical as regards calves for fattening and other calves and is also identical as regards adult bovine animals and young male bovine animals of a live weight of between 220 and 300 kg and for adult bovine animals;

HAS ADOPTED THIS REGULATION:

Article 1

1. For calves covered by Article 11 of Regulation (EEC) No 805/68, the first subparagraph of Article 4 (a) (2) of Regulation (EEC) No 974/71 shall apply only to the amounts to be deducted fixed for the other calves under that latter provision.

2. For young bovine animals covered by Article 11 of Regulation (EEC) No 805/68, the first subparagraph of Article 4 (a) (2) of Regulation (EEC) No 974/71 shall apply only to the amounts to be deducted fixed for adult bovine animals under that latter provision.

Article 2

This Regulation shall enter into force on 25 June 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 25 June 1973.

For the Council

The President
