REGULATION (EEC) No 1759/73 OF THE COMMISSION
of 29 June 1973
fixing the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC [1] of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by the Act [2] annexed to the Treaty [3] concerning the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972;

Having regard to Council Regulation (EEC) No 1569/72 [4] of 20 July 1972, laying down special measures for colza and rape seed, as last amended by Regulation (EEC) No 1356/73 [5], and in particular Article 2 (2) thereof;

Whereas under Article 2 (1) of Regulation (EEC) No 1569/72 the differential amounts for the Member States which keep their exchange rates at any given moment within a band of 2·25 % are to be determined by taking into account the incidence in the prices of the percentage representing the difference between:

— the conversion rate used for purposes of the common agricultural policy;
and
— the conversion rate resulting from the central rate;

Whereas differential amounts should be fixed which remain unchanged so long as the factors used in calculating them remain unchanged;

Whereas, applying the new method of calculating differential amounts to Denmark and France, no such amounts should be fixed fo seeds harvested in those two States and processed in or exported from those States;

Whereas under Article 2 (1) (b) of the Regulation aforesaid the differential amounts for Italy and for Ireland and the United Kingdom are to be determined by taking into account the incidence on the price of the average percentage representing the difference between:

— the ratio between the conversion used for purposes of the common agricultural policy for the currency of the relevant Member State and the actual par values of the currencies of each of the Member States which keep their exchange rates at any given moment within a band of 2·25 %;
and
— the spot exchange rate recorded over a given period for the currency of the relevant Member State against each of the currencies of the Member States specified above;

Whereas Regulation (EEC) No 1356/73 lays down detailed rules for the application of Regulation (EEC) No 1569/72;

Whereas for colza and rape seed the new prices for the 1973/74 marketing year must be taken into account in the calculation of the compensatory amounts; whereas in the application of Article 4b (3) of Regulation (EEC) No 974/71 provision has to be made for the reduction of monetary compensatory amounts applicable to trade with Italy so as to correspond with the increase in Italy of intervention prices applicable for the 1973/74 marketing year;

Whereas applying the rules and criteria set out above, the differential amounts should be fixed as shown in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats;

HAS ADOPTED THIS REGULATION:

Article 1

The differential amounts provided for in Article 1 of Regulation (EEC) No 1569/72 shall be as listed in the Annex.

Article 2

This Regulation shall enter into force on 1 July 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 29 June 1973.

For the Commission
The President
François-Xavier ORTOLI
