# REGULATION (EEC) No 1771/73 OF THE COMMISSION

## of 29 June 1973

## on the determination of intervention centres for oil seeds, other than the main centres, and the derived intervention prices applicable in these centres

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC [1] of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by the Act [2] annexed to the Treaty [3] concerning the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular Article 22 (2) thereof;

Having regard to the Opinion of the Member States concerned;

Whereas Council Regulation No 167/67/EEC [4] of 27 June 1967 on intervention centres for oil seeds and derived intervention prices applicable in these centres established criteria for the determination of centres other than the main centres and derived prices applicable in these centres; whereas, on the basis of these criteria, Commission Regulation (EEC) No 1515/72 [5] of 14 July 1972 fixed the centres to be used and the prices valid as from the 1972/73 marketing year;

Whereas it is appropriate to retain the list of intervention centres in the Annex to Regulation (EEC) No 1515/72 with the exception of Issoudun for colza and rape seed;

Whereas the changes in the intervention prices applicable in the main centres during the 1973/74 marketing year in relation to those valid for the previous marketing years necessitate certain changes being made in the intervention prices applicable in the other centres in relation to those listed in the Annex to Regulation (EEC) No 1515/72;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats;

HAS ADOPTED THIS REGULATION:
