REGULATION (EEC) No 2053/73 OF THE COMMISSION

of 25 July 1973

fixing the compensatory amounts for eggs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty [1] signed in Brussels on 22 January 1972 on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, as amended by the Decision of 1 January 1973 [2];

Having regard to Council Regulation (EEC) No 237/73 [3] of 31 January 1973 laying down general rules for the system of compensatory amounts for eggs, and in particular Article 9 (2) thereof;

Whereas compensatory amounts for eggs were fixed for the period until 31 July 1973 by Regulation (EEC) No 237/73 and Commission Regulation (EEC) No 369/73 [4] of 31 January 1973;

Whereas the compensatory amounts applicable from 1 August 1973 for eggs in shell are to be calculated on the basis of the compensatory amounts fixed for these products in Regulation (EEC) No 237/73 and by reference to the variation in the compensatory amounts applicable for the quantity of feed grains required to produce of one kilogramme of eggs in shell or hatching eggs in the Community;

Whereas the compensatory amounts applicable in the same period for other egg products must be derived from the compensatory amount for eggs in shell, other than hatching eggs, by means of the coefficients fixed by Commission Regulation No 164/67/EEC [5] of 26 June 1967 fixing the factors for calculating levies and sluice-gate prices for derived egg products, as amended by Regulation (EEC) No 1005/68 [6];

Whereas the compensatory amounts for ovalbumin and lactalbumin must be derived from the same compensatory amounts by means of the coefficients fixed by Commission Regulation No 201/67/EEC of 28 June 1967 on detailed rules for the application of Regulation No 170/67/EEC on the common system of trade for ovalbumin and lactalbumin and repealing Regulation No 48/67/EEC [7];

Whereas the calculation of the compensatory amounts for trade with Denmark results in minimal amounts; whereas in implementation of Article 55 (4) of the Act of Accession there is no need to fix compensatory amounts for that country;

Whereas the Management Committee for Poultrymeat and Eggs has not delivered an Opinion within the time set by its Chairman;

HAS ADOPTED THIS REGULATION:

Article 1

The compensatory amounts for egg products, ovalbumin and lactalbumin applicable from 1 August 1973 until 3 July 1974 in trade between the Community as originally constituted and the new Member States, and between those States and third countries, shall be fixed as shown in the Annex.

Article 2

This Regulation shall enter into force on 1 August 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 July 1973.

For the Commission

The President

François-Xavier ORTOLI
