REGULATION (EEC) No 2197/73 OF THE COMMISSION

of 10 August 1973

amending Regulation (EEC) No 1469/73 on the monetary compensatory amounts applying to butter and cheese imported into the United Kingdom from New Zealand

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 974/71 (1) of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States, as last amended by Regulation (EEC) No 1225/73 (2), and in particular Article 6 thereof;

Whereas the monetary compensatory amounts introduced by Regulation (EEC) No 974/71 were fixed by Commission Regulation (EEC) No 2102/73 (3) of 31 July 1973, as last amended by Regulation (EEC) No 2133/73 (4);

Whereas it is appropriate to amend the monetary compensatory amounts set out for butter and cheese imported into the United Kingdom from New Zealand, given that the special levy applicable to these products has been amended in order to take account of the current situation on the British market; whereas, in fact, in accordance with Article 4 (1), second subparagraph, of Commission Regulation (EEC) No 1463/73 (5) of 30 May 1973 setting out rules for the application of monetary compensatory amounts, the price used for the calculation of the monetary compensatory amount is that resulting from the cif price respected upon importation into the United Kingdom, and from the special levy fixed for these products;

Whereas, however, with a view to simplifying the system, it is appropriate to calculate the monetary compensatory amount for these products only on the basis of the cif price and not to apply to the special levy the coefficient provided for this purpose, the result of this method of calculation being identical to the preceding method.

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Milk and Milk Products;

HAS ADOPTED THIS REGULATION:
