REGULATION (EEC) No 247/73 OF THE COMMISSION
of 30 January 1973
fixing the levies on rice and broken rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 359/67/EEC [1] of 25 July 1967 on the common organization of the market in rice, as last amended by the Act [2] annexed to the Treaty [3] on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular Article 11 (2) thereof ;

Whereas Article 11 of Regulation No 359/67/EEC provides for charging an import levy on paddy rice, husked rice, semi-milled rice, wholly milled rice and broken rice ; whereas, in the case of husked rice, wholly milled rice and broken rice, the levy is equal to the difference between the threshold price and the cif price ; whereas, in the case of paddy rice and semi-milled rice, the levy should be derived from the levies applicable to the corresponding husked rice and wholly milled rice ;

Whereas the threshold prices for husked rice, wholly milled rice and broken rice were fixed for the 1972/73 marketing year by Regulation (EEC) No 1408/72 [4] and No 1500/72 [5] ;

Whereas, for the purpose of calculating cif prices, the Commission must take account of the factors indicated in Article 16 of Regulation No 359/67/EEC and in Regulation (EEC) No 1613/71 [6], as amended by Regulation (EEC) No 363/72 [7], and in particular the most favourable purchasing opportunities on the world market which are sufficiently representative of the real trend of the market, account being taken in particular of the need to prevent sudden variations likely to cause abnormal disturbances on the Community market ; whereas the quality of the goods offered must also be taken into account, whether this quality corresponds to the standard quality fixed in Regulation 362/67/EEC [8], as last amended by Regulation (EEC) No 1555/71 [9], or whether adjustments need to be made by applying the corrective amounts provided for in Commission Regulation (EEC) No 1613/71 of 26 July 1971 laying down detailed rules for fixing cif prices and levies on rice and broken rice and the corrective amounts relating thereto ;

Whereas, furthermore, in the case of round-grained and long-grained husked rice and round-grained and long-grained wholly milled rice, the cif price is calculated on the basis of quotations or prices on the world market relating, for each type of rice, to the products specified in Article 4 of Regulation (EEC) No 1613/71 ; whereas, for this calculation, the conversion rates resulting from Commission Regulation No 467/67/EEC [10] of 21 August 1967 fixing the conversion rates, the processing costs and the value of the by-products for the various stages of rice processing, as last amended by Regulation (EEC) No 1499/72 [11], should be used where appropriate ;

Whereas, when these conversions are being effected, the Commission must take account of the fact that certain offers are for rice containing a higher percentage of broken rice than that allowed for the standard quality fixed by Regulation No 467/67/EEC ; whereas no adjustment is made, however, if the prices for husked rice and semi-milled or wholly milled rice taken into consideration are lower than those provided for in the last subparagraph of Article 4 of Regulation No 467/67/EEC ;

Whereas Regulation (EEC) No 1613/71 requires the Commission to take account of the fact that certain offers are for delivery cost and freight or relate to a product put up in bags and, if this is the case, to adjust such offers by applying the rates or amounts fixed by the abovementioned Regulation to make the offers comparable to offers for delivery cif or relating to a product presented in bulk ;

Whereas the cif price is calculated for Rotterdam on the basis of the abovementioned factors, offers made for other ports being adjusted, account being taken of the corrections necessitated by the difference in transport charges in relation to Rotterdam ;

[2] OJ No L 73, 27. 3. 1972, p. 14.
[3] OJ No L 73, 27. 3. 1972, p. 5.
[4] OJ No L 150, 4. 7. 1972, p. 10.
[5] OJ No L 158, 14. 7. 1972, p. 23.
[6] OJ No L 168, 27. 7. 1971, p. 28.
[7] OJ No L 46, 22. 2. 1972, p. 9.
[8] OJ No 174, 31. 7. 1967, p. 27.
[9] OJ No L 164, 22. 7. 1971, p. 11.
[10] OJ No 204, 24. 8. 1967, p. 1.
[11] OJ No L 158, 14. 7. 1972, p. 22.

Whereas, if the conditions provided for Article 1 (3) of Regulation (EEC) No 1613/71 obtain, the cif price may be calculated on the basis of offers for delivery during the following month or may be retained unaltered for a limited period ;

Whereas, in order that account may be taken of the interests of the Associated African States and Madagascar and of the Overseas Countries and Territories, the levy relating to them must, pursuant to Regulation (EEC) No 540/70 [1], be reduced by a fixed amount and by an amount corresponding to 45 % of the levy relating to third countries ; whereas the levy must be further reduced in the case of semi-milled and wholly milled rice ; whereas, under Article 2 of Regulation (EEC) No 540/70, the charging of this levy is subject to conditions, some of which are set out in Commission Regulation (EEC) No 430/72 [2] of 29 February 1972 on implementing measures concerning imports of rice and broken rice originating in the Associated African States and Madagascar or in the Overseas Countries and Territories ;

Whereas Council Regulation (EEC) No 1553/71 [3] of 19 July 1971 altered the definitions given in Annex A of Regulation 359/67/EEC and incorporated in supplementary notes Nos 2 and 3E to Chapter 10 of the Common Customs Tariff ;

Whereas, in accordance with Article 20 (1) of Regulation No 359/67/EEC, the nomenclature provided for in this Regulation is incorporated in the Common Customs Tariff ;

Whereas levies are fixed once a week and are altered in the intervening period to take account of variations in threshold prices or in the factors used to determine cif prices ; whereas, in the case of husked rice, wholly milled rice and broken rice, the levies are altered only if variations in the factors used to calculate the levy entails an increase or a reduction of at least 0·10 unit of account per 100 kilogrammes in the amount of the levy in force ;

Whereas it follows from applying all the abovementioned provisions that the levies should be fixed as shown in the Table annexed to this Regulation ;

HAS ADOPTED THIS REGULATION :

Article 1

The import levies to be charged on the products listed in Article 1 (1) (a) and (b) of Regulation No 359/67/EEC are hereby fixed as shown in the Table annexed to this Regulation.

Article 2

This Regulation shall enter into force on 1 February 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 January 1973.

For the Commission

P. J. LARDINOIS

Member of the Commission
