REGULATION (EEC) No 26/73 OF THE COMMISSION

of 4 January 1973

applying the duty in the Common Customs Tariff to certain varieties of sweet oranges originating in Spain

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 2047/70 [1] of 13 October 1970 on imports of citrus fruit originating in Spain, and in particular Article 5 thereof;

Whereas Article 7 of Annex I to the agreement between the European Economic Community and Spain provides for a reduced rate of duty on imports into the Community of certains citrus fruit originating in Spain; whereas, during the period in which reference prices are applied, this reduction is dependent on the observance of a specified price on the Community market, whereas detailed rules for the application of this system are contained in Regulation (EEC) No 2047/70;

Whereas, in certain respects, these rules refer to provisions of Regulation No 23 which were incorporated in Council Regulation (EEC) No 1035/72 [2] of 18 May 1972 on the common organisation of the market in fruit and vegetables, as amended by Regulation (EEC) No 2454/72 [3]; whereas, in this case, reference should be made to Regulation (EEC) No 1035/72, in accordance with the Table which appears in Annex IV thereto;

Whereas Regulation (EEC) No 2047/70 provides that, where one of the products listed in Article 1 of that Regulation is imported, the duty in the Common Customs Tariff is applied where quotations for that product, converted where necessary to Class I in accordance with the provisions of the Article 24 (2) of Regulation (EEC) No 1035/72 recorded on the representative Community markets at the importer/wholesaler stage or converted to that stage, adjusted by the conversion factors and following deduction of transport costs and import charges other than customs duties, remain lower than the reference price in force, plus the incidence of the Common Customs Tariff on that price and a standard amount fixed at 1·2 units of account per 100 kilogrammes, for three consecutive market days on the representative markets of the Community with the lowest quotations;

Whereas the conversion factors, the transport costs and import charges other than customs are those used for the purpose of calculating the entry price refered to in Regulation No 1035/72; whereas the metod of calculating import charges other than customs duties is, for certain cases, defined in Article 2 (2) of Regulation (EEC) No 2047/70;

Whereas application of these rules to quotations recorded for sweet oranges imported into the Community and originating in Spain indicates that the conditions set out in the first paragraph of Article 4 of Regulation (EEC) No 2047/70 are fulfilled, for the varieties listed in Article 2 (1) (c) of Regulation (EEC) No 2522/72 [4] fixing reference prices for sweet oranges ; whereas the duty in the Common Customs Tariff should, therefore, be applied to the products in question;

HAS ADOPTED THIS REGULATION :

The President

S. L. MANSHOLT
