REGULATION (EEC) No 3102/73 OF THE COMMISSION

of 13 November 1973

concerning the enlargement of the Community quantitative export quota for certain waste and scrap of copper and copper alloys

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1023/70 (1) of 25 May 1970 establishing a common procedure for administering quantitative quotas, and in particular Article 2 thereof;

Having regard to Council Regulation (EEC) No 1627/73 (2) of 18 June 1973 fixing Community quantitative export quotas for certain types of waste and ash of non-ferrous metals (copper, lead, aluminium), and in particular Article 2 thereof;

Whereas for waste and scrap of copper alloys of heading No ex 74.01 (other) of the Common Customs Tariff, Regulation (EEC) No 1627/73 has, for the year 1973, established a Community quantitative export quota of 16 130 tons, which has been allocated by Commission Regulation (EEC) No 1782/73 (3) of 2 July 1973, the quota allocated to Ireland being fixed to 55 tons;

Whereas the Irish Government has stated the need to enlarge, exceptionally, the exports of the products discussed here, and to increase for this purpose the quota allocated to Ireland for the year 1973 and admitted that such an enlargement could not prejudice the volume and the allocating of the quota to be established for 1974;

Whereas in order to correct this situation, still adhering to established criteria for allocating the quota and without jeopardizing the aim pursued by establishing this quota, it is appropriate, as an exceptional case, to increase by 50 tons both the Community quota for 1973 and the quota allocated to Ireland.

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Quota Administration Committee,

HAS ADOPTED THIS REGULATION:

Article 1

1. The quantitative Community export quota for waste and scrap of copper and copper alloys of heading No ex 74.01 (other) of the Common Customs Tariff, established for the year 1973 by Regulation EEC No 1627/73 is increased from 16 130 to 16 180 tons.

2. The quota allocated to Ireland by Regulation (EEC) No 1782/73 is increased from 55 to 105 tons.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.* It shall remain in force until 31 December 1973.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 13 November 1973

For the Commission

The President

François-Xavier ORTOLI
