(Acts whose publication is obligatory)

REGULATION (EEC) No 3500/73 OF THE COUNCIL

of 18 December 1973

opening, allocating and providing for the administration of Community tariff quotas for certain products originating in developing countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to the proposal from the Commission;

Having regard to the Opinion of the European Parliament;

Whereas, within the context of UNCTAD, the European Economic Community offered to grant tariff preferences on finished and semi-finished products coming from developing countries; whereas the preferential treatment proposed in that offer covers, generally speaking, all finished and semi-finished industrial products covered by Chapters 25 to 99 of the Brussels Nomenclature which originate in developing countries; whereas the preference consists in the granting of exemption from customs duties; whereas preferential imports are effected up to the level of ceilings calculated by value in respect of each product on the basis of factors which are uniform for all the products; whereas, in order that the preferences granted to the most competitive developing country or countries should be restricted and that a substantial share should be reserved for the least competitive, preferential imports from any one developing country in respect of a given product should not, as a general rule, exceed 50% of the ceiling fixed for that product;

Whereas, in the offer made by the Community, the annual ceilings should normally be calculated on the basis of the total value for 1968 of cif imports from the countries benefiting from this scheme, excluding those already enjoying various preferential tariff arrangements granted by the Community (basic amount) plus 5% of the value of cif imports from the other countries and from the countries enjoying such arrangements (additional amount); whereas such additional amount is variable and is calculated each year on the basis of the latest figures available, provided that this entails no reduction in the ceilings;

Whereas the offer made by the Community includes a clause stating that the Community drew up the offer on the assumption that all the main industrialized countries which are members of the OECD would participate in granting preferences and would make similar efforts in this direction; whereas, moreover, it is evident from the conclusions worked out in UNCTAD that this offer, while being of a temporary nature, does not constitute a binding commitment and, in particular, may be withdrawn wholly or in part at a later date; whereas this possibility may be adopted *inter alia* with a view to remedying any unfavourable situations which might arise in the associated countries following the implementation of the generalized preference scheme;

Whereas, moreover, the Conference of Heads of State or of Government of the Member States and the States acceding to the European Communities held in Paris on 19 and 20 October 1972 invited the Community institutions and the Member States progressively to adopt an overall policy of development cooperation on a worldwide scale comprising in particular the improvement of generalized preferences with the aim of achieving a steady increase in imports of manufactures from the developing countries;

Whereas tariff preferences have been applied from the second half of 1971 under the conditions set out above and whereas these preferences should continue to be applied throughout 1974; whereas having regard to the terms of the offer concerned and to the need to improve the generalized preferences, the abovementioned basic and additional amounts should normally refer to 1971;

Whereas, in accordance with Protocol No 23 to the Act of Accession [1], the generalized tariff preference scheme will be fully applicable in the new Member States from 1 January 1974;

Whereas it is expedient, therefore, in respect of the products referred to in Annex A which originate in the countries and territories listed in Annex B, that

[1] OJ No L 73, 27. 3. 1972, p. 14.

the Community should open for 1974, duty-free Community tariff quotas within the limits of the amounts, in units of account, shown against each of these products;

Whereas charges against each of these tariff quotas must, in respect of the products originating in any of the abovementioned countries or territories, come within a specified percentage of the amount of the quota; whereas the benefit of such tariff quotas should be reserved for products originating in the countries and territories under consideration, the concept of 'originating products' being determined in accordance with the procedure laid down in Article 14 of Council Regulation (EEC) No 802/68 [1] of 27 June 1968 on the common definition of the concept of the origin of goods;

Whereas it is necessary to ensure equal and continuous access for all Community importers to the abovementioned quotas and the uninterrupted application of the rate laid down for those quotas to all imports of the products concerned into all Member States until those quotas are used up; whereas, having regard to the principles set out above, the Community nature of the quotas can be respected by allocating the Community tariff quota among Member States; whereas, moreover, to this end and in the context of the utilization system, the actual charges against the quotas may relate only to products which have been entered for home use and which are accompanied by a certificate of origin;

Whereas the application of the generally accepted principles in respect of the allocation of the Community tariff quotas which have been opened hitherto entails under these circumstances, and in view of the variety of the products concerned and the fact that the benefiting countries and territories are specified, calculations which are all the more problematic in that the statistical data required sometimes prove to be incomplete or not sufficiently accurate or representative; whereas the time required for these calculations cannot be reconciled with the continuity necessary for the application of the tariff preferences concerned; whereas, under these conditions, it would be advisable still at this stage to adopt a fixed scale for allocating the Community tariff quotas concerned among the Member States; whereas, using as a basis general economic criteria relating to external trade, the gross national product and population, the percentages for the initial shares of the Member States in the quota amounts are as follows for the quota year under consideration:

Germany	27·5%
Benelux	10·5%
France	19·0%
Italy	15·0%
Denmark	5·0%
Ireland	1·0%
United Kingdom	22·0%

Whereas, however, taking into account the more precise information already available concerning trade in plywood, blockboard, laminboard, battenboard and similar laminated products falling within heading No 44.15 of the Common Customs Tariff, these percentages should be replaced by: 10·2%, 8·6%, 3%, 2·1%, 6·8%, 0·8%, 68·5% respectively;

Whereas in connection with the Member States' participation in the Community tariff quota for the abovementioned products falling within heading No 44.15 it should be borne in mind that United Kingdom imports in recent years from developing countries, in particular from Malaysia and Singapore, have been increasing substantially; whereas the introduction of customs duties on these imports might alter traditional trade flows to the detriment of the developing countries which hitherto benefited from duty-free entry; whereas this situation is a special reason for raising the share of the said Member State without restricting access thereto of countries covered by the generalized preference scheme;

Whereas, without affecting the Community nature of the tariff quotas under consideration, it appears possible to provide temporarily for a utilization scheme based on a single allocation among the Member States; whereas, moreover, the allocation set out by this Regulation in no way prejudices the possibility of adopting the general method of allocation of Community tariff quotas comprising the setting up of a reserve share; whereas at the present juncture it appears feasible that such allocation could be made according to the percentages set out above;

Whereas the percentage for the shares of the Member States in the Community tariff quotas, in view of the duration and amounts thereof, does not appear in this instance to compromise the equal access for Community importers to Community tariff quotas; whereas for this same reason it would appear expedient to allow each Member State to choose the system for administering its share;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united in and represented by the Benelux Economic Union, all transactions concerning the administration of shares allocated to the Benelux Economic Union may be carried out by any one of its Members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1974 the Common Customs Tariff duties and the tariff duties of the new Member States on the products listed in Annex A, shall be completely suspended within the

[1] OJ No L 148, 28. 6. 1968, p. 1.

framework of Community tariff quotas of amounts which shall be expressed in units of account and which shall be indicated in respect of each product in column 3 of that Annex.

2. These tariff quotas shall be enjoyed solely by products originating in the countries and territories listed in Annex B. However, those imports which already enjoy exemption from customs duties under other preferential tariff arrangements granted by the Community may not be charged against these tariff quotas. For the purposes of this Regulation, the concept of originating products shall be determined in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68.

3. The amount to be charged in respect of each country or territory referred to in paragraph 2 against each of the tariff quota amounts mentioned above shall be limited to the maximum amount given as a percentage and in units of account in column 4 of Annex A in respect of each category of products.

4. Any amendment to Annex B, in particular by the addition of new countries or territories enjoying tariff preferences, may entail a corresponding adjustment to the amounts of the quotas and to the maximum amounts appearing in columns 3 and 4 of Annex A.

Article 2

1. Subject to the possible setting up of a reserve share for the current financial year, the Community tariff quotas referred to in Article 1 shall be allocated in shares which shall be for each Member State the amounts corresponding to the values given in column 5 of Annex A in respect of each category of products.

2. The share allocated to the United Kingdom for products falling within heading No 44.15 of the Common Customs Tariff shall be increased by a proportion determined by a footnote to the said Annex. Article 1 (3) shall not apply to such an increase.

Article 3

1. The Member States shall ensure free access to the shares which have been allocated to them, for importers of the said goods who are established in their territory.

2. The extent to which a Member State used up its share shall be determined on the basis of imports of the said goods which have been entered for home use, on the basis of the customs value of the said goods, and which are accompanied by a certificate of origin in accordance with the rules referred to in Article 1 (2).

3. Goods shall qualify for a tariff quota only if the certificate of origin referred to in paragraph 2 is submitted before the date on which the levying of duties is reintroduced.

Article 4

The Commission shall take all necessary measures to ensure that the maximum amount referred to in Article 1 (3) is observed. When the charges, at Community level, of products originating in each of the countries and territories listed in Annex B, against any one of the Community tariff quotas reach the maximum amount laid down in column 4 of Annex A, the Commission shall immediately notify the Member States of the date on which, as a result of this fact, the normal tariff is to be reintroduced in respect of the country or territory in question. This notification shall be published in the *Official Journal of the European Communities.*

Article 5

Member States shall inform the Commission at regular intervals of imports of the products in question actually charged against their shares.

Article 6

Member States and the Commission shall cooperate closely to ensure that the provisions of the above Articles are observed.

Article 7

This Regulation shall enter into force on 1 January 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 December 1973.

For the Council

The President

I. NØRGAARD

ANNEX A

List of products subject to zero-duty Community tariff quotas under the generalized tariff preferences granted to developing countries

ANNEX B

List of developing countries and territories enjoying generalized tariff preferences

INDEPENDENT COUNTRIES

Afghanistan
Algeria
Argentina
Bahamas
Bahrain
Bangladesh
Barbados
Bhutan
Bolivia
Botswana
Brazil
Burma
Burundi
Cameroon
Central African Republic
Chad
Chile
Colombia
Congo, People's Republic of
Costa Rica
Cuba
Cyprus
Dahomey
Dominican Republic
Ecuador
Egypt, Arab Republic of
El Salvador
Equatorial Guinea
Ethiopia
Fiji
Gabon
Gambia
Ghana
Guatemala
Guinea
Guyana
Haiti
Honduras
India
Indonesia
Iran
Iraq
Ivory Coast
Jamaica
Jordan
Kenya
Khmer Republic
Korea (South)
Kuwait
Laos
Lebanon
Lesotho
Liberia
Libya
Malagasy Republic
Malawi
Malaysia
Maldive Islands
Mali
Mauritania
Mauritius
Mexico
Morocco
Nauru
Nepal
Nicaragua
Niger
