REGULATION (EEC) No 457/73 OF THE COMMISSION

of 31 January 1973

fixing the export refunds for wine

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 816/70 [1] of 28 April 1970 laying down additional provisions for the common organization of the market in wine, as last amended by Regulation (EEC) No 2680/72 [2], and in particular Article 10 (4) thereof;

Whereas, pursuant to Article 10 of Regulation (EEC) No 816/70, to the extent necessary to enable the products listed in Article 1 (2) of this Regulation to be exported in economically significant quantity on the basis of the prices for those products on the world market, the difference between those prices and the prices in the Community may be covered by an export refund; whereas, however, refunds may be granted only for the products referred to in Article 1 (2) of Council Regulation (EEC) No 957/70 [3] of 26 May 1970, laying down general rules for granting export refunds on wine and criteria for fixing the amount of such refunds;

Whereas, pursuant to Article 2 of Regulation (EEC) No 957/70, the existing state and probable future trends of prices and quantities available of the products on the Community market on the one hand, and world market prices for these products on the other, must be taken into account when refunds are being fixed; whereas account must also be taken of the costs referred to in Article 2 (b) and of the economic aspects of the exports intended; whereas the objectives defined in Article 2 (c) and the need to avoid disturbances which might lead to imbalance of supply and demand on the Community market must also be taken into account;

Whereas pursuant to Article 3 of Regulation (EEC) No 957/70, Community market prices must be determined on the basis of the most advantageous export prices; whereas the prices referred to in Article 3 (2) must be taken into account when the prices in international trade are being determined;

Whereas the international trade situation or the specific requirements of certain markets may make it necessary to vary the refund acccording to the use or destination of a specific product;

Whereas table wines of Types R I, R II, A I, A II and A III defined in Council Regulation (EEC) No 945/70 [4] of 26 May 1970, determining the types of table wines may now be exported in economically significant quantity;

Whereas, pursuant to Article 4 of Commission Regulation (EEC) No 325/71 [5] of 15 February 1971 on detailed rules for the application of export refunds on wine, refunds must be fixed at least once every three months; whereas, if need be, they can be amended in the interval between fixing dates;

Whereas the application of the abovementioned rules to the present market situation and in particular to the prices of wines in the Community and on the world market leads to the fixing of refunds as indicated above;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Wines;
