REGULATION (EEC) No 1127/74 OF THE COUNCIL

of 29 April 1974

fixing, for the 1974/75 marketing year, the monthly price increases for cereals, wheat and rye flour and wheat groats and meal

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC (1) of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1125/74 (2) and in particular Article 6 (2) thereof;

Having regard to the proposal from the Commission;

Whereas, when the number and amount of the monthly price increases and the first month during which these are to apply are fixed, account should be taken of the storage costs and interest charges for storing cereals in the Community and of the need to ensure that the disposal of stocks of cereals conforms to market requirements;

Whereas, to this end, it should be laid down that the monthly increases for common and durum wheat, rye and barley should commence on 1 September, and those for maize on 1 November; whereas the monthly price increases for all the cereals should be standardized, except those for durum wheat, for which, in view of the higher costs involved, the monthly increases should be fixed at a level higher than that for the other cereals;

Whereas the monthly increases in the threshold prices for other feedgrain should be fixed at the same level and for the same period as those for barley in order to maintain the ratio established with that cereal for the whole of the marketing year,

HAS ADOPTED THIS REGULATION:
