THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 136/66/EEC (1) of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73 (2) ;

Having regard to Council Regulation No 115/67/EEC (3) of 6 June 1967 laying down criteria for determining world market prices for oil seeds and fixing the frontier crossing point, and in particular Article 7 thereof ;

Whereas Article 3 of Commission Regulation No 225/67/EEC (4) of 28 June 1967 on detailed rules for determining the world market price for oil seeds, as last amended by Regulation (EEC) No 1517/72 (5), provides that where the offers and quotations used apply to a quality other than the standard quality for which the target price was fixed, they shall be adjusted on the basis of the coefficients of equivalence shown in the Annex ;

Whereas the standard quality of colza and rape seed for which the target price for the 1974/75 marketing year has been fixed is different from that used during previous years ; whereas, moreover, the qualities of colza and rape seed delivered from the major producing third countries will present certain differences from the quality used for the determination of the corrective coefficients currently operative for seeds imported from these countries ; whereas corrective coefficients should be fixed which take the new situation into account ; whereas, however, their usage should only be provided for in respect of the determination of world market prices valid from the start of the coming marketing year ;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,
