REGULATION (EEC) No 1638/74 OF THE COMMISSION

of 27 June 1974

on an invitation to tender for the export levy for milled long grained rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC [1] of 25 July 1967 on the common organization of the market in rice, as last amended by the Act of Accession [2];

Having regard to Council Regulation (EEC) No 2737/73 [3] of 8 October 1973 laying down general rules to be applied in the event of the rice market being disturbed, and in particular Article 4 (2) thereof;

Whereas, having taken into account the current situation on the rice market, an invitation should be issued, for milled long grained rice, to tender for the export levy provided for in Article 2 (1) first indent of Regulation (EEC) No 2737/73;

Whereas the detailed rules relating to the tendering procedure to fix the export levy are contained in Commission Regulation (EEC) No 3197/73 [4] of 23 November 1973 establishing the conditions for the application of the system of tendering for export levies for rice;

Whereas the objective of the tendering procedure can be attained only if the successful tenderer fulfils all the commitments entered into at the moment of lodging his tender; whereas among these commitments is the obligation to lodge an application for an export licence; whereas the security for tender exacted when the tender is lodged can ensure that this obligation is respected; whereas in default this security shall not be released if such an application has not been made;

Whereas the smooth working of a procedure for tendering for export levies must be ensured; whereas to this end it is appropriate to prescribe a minimum quantity as well as the period during which tenders can be lodged and the form of the communication of tenders lodged with the competent authorities;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,
