THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 123/67/EEC [1] of 13 June 1967 on the common organization of the market in poultrymeat, as last amended by the Act of Accession, and in particular Articles 4 (3) and 7 (5) thereof;

Having regard to the proposal from the Commission;

Whereas Council Regulation No 146/67/EEC [2] of 21 June 1967 laying down rules for calculating the levy and the sluice-gate price for poultrymeat, as amended by Regulation (EEC) No 988/73 [3], specified, *inter alia*:

— the quantities of feed grains required for the production in the Community and in third countries of one kilogramme of slaughtered poultry according to kind and of one chick of any kind,

— the composition of the mixtures of cereals making up the quantities required for the production of slaughtered poultry and of chicks,

— the standard amount expressing other feeding costs and overhead costs of production and marketing of one kilogramme of slaughtered poultry according to kind and of one chick of any kind;

Whereas, owing to technical and price trends, the data used for fixing the above items have altered significantly; whereas some of those items should therefore be amended,
