REGULATION (EEC) No 1776/74 OF THE COMMISSION

of 9 July 1974

amending the Annex to Regulation No 199/67/EEC fixing the coefficients for calculating levies on derived poultrymeat products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 123/67/EEC [1] of 13 June 1967 on the common organization of the market in poultrymeat, as last amended by the Act [2] concerning the conditions of accession and the adjustments to the Treaties, and in particular Article 5 (3) thereof;

Whereas Council Regulation No 146/67/EEC [3] of 21 June 1967, as last amended by Regulation (EEC) No 1717/74 [4], laid down the rules for calculating the levy and the sluice-gate price for poultrymeat;

Whereas Commission Regulation No 199/67/EEC [5] of 28 June 1967 fixing the coefficients for calculating levies on derived poultrymeat products, as last amended by Regulation (EEC) No 1087/73 [6], fixed the coefficients expressing the ratio mentioned in Article 5 (1) of Regulation No 123/67/EEC;

Whereas these coefficients were calculated on the basis of the weight ratio of the various derived products to slaughtered poultry and of the average ratio between their market values;

Whereas the annual reconsideration of this information, provided for in Article 5 (3) of Regulation No 123/67/EEC, has shown that this information has changed considerably; whereas certain coefficients at present in use should therefore be altered;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Poultrymeat and Eggs,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation No 199/67/EEC is hereby replaced by the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 August 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 9 July 1974.

For the Commission

The President

François-Xavier ORTOLI
