REGULATION (EEC) No 1885/74 OF THE COMMISSION

of 19 July 1974

fixing the denaturing premium for common wheat for the 1974/75 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC [1] of 13 June 1967 on the common organization of the market in cereals, as last amended by Regulation (EEC) No 1125/74 [2], and in particular Article 7 (5) thereof;

Whereas Article 4 of Council Regulation No 172/67/EEC [3] of 27 June 1967 on general rules governing the denaturing of wheat and rye of bread-making quality, as last amended by Regulation (EEC) No 2096/68 [4], lays down that the denaturing premium must be fixed before the beginning of, and for the duration of, the marketing year;

Whereas the situation on the world market in cereals still remains precarious; whereas the risk of large price increases for common wheat still exists following a difficult supply situation on the world market; whereas, since the outlook for exports remains very favourable, it is advisable to maintain the zero rate of denaturing premium for the 1974/75 marketing year; whereas it may however be amended where there is a threat of disturbances on the Community market in cereals;

Whereas the Management Commitee for Cereals has not delivered an opinion within the time limit set up by its Chairman,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1974/75 marketing year the denaturing premium provided for in Article 4 (1) of Regulation No 172/67/EEC shall be fixed at zero.

Article 2

This Regulation shall enter into force on 1 August 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 July 1974.

For the Commission

The President

François-Xavier ORTOLI
