REGULATION (EEC) No 1895/74 OF THE COMMISSION

of 19 July 1974

defining additional measures to be taken in agriculture following the fixing, with effect from 22 July 1974, of a new representative rate for the Italian lira

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC [1] of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73 [2];

Having regard to Council Regulation (EEC) No 974/71 [3] of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the widening of the margins of fluctuation for the currencies of certain Member States, as last amended by Regulation (EEC) No 3450/73 [4], and in particular Article 6 thereof;

Having regard to Council Regulation (EEC) No 1569/72 [5] of 20 July 1972 laying down special measures for colza and rape seed, as last amended by Regulation (EEC) 3477/73 [6], and in particular Article 7 thereof;

Whereas, pursuant to Council Regulation (EEC) No 2958/73 [7] of 31 October 1973, as last amended by Regulation (EEC) No 1847/74 [8], representative conversion rates were fixed for the Italian lira to be applied in agriculture with effect from various dates; whereas the new Article 4b of Regulation (EEC) No 974/71, and in the case of colza and rape seed, Article 5a of Regulation (EEC) No 1569/72 provided that the economic effects of the representative rate applied with effect from 28 January 1974 were, for products for which a marketing year is fixed, to be delayed until the beginning of the 1974/75 marketing year, whilst making special provision, however, for certain products;

Whereas the said Articles stipulate that the incidence of the measures referred to above must be taken into account when the amounts to be paid by Italy under the agricultural market regulations in respect of other forms of intervention on the internal market are being fixed; whereas, to this end and in order to ensure by any appropriate means that other amounts applicable in connection with the organization of markets in the various agricultural products should, where necessary in the special economic situation of Italy, be maintained at a corresponding level, Commission Regulation (EEC) No 456/74 [9] of 22 February 1974 defined additional measures to be taken following the fixing, with effect from 28 January 1974, of a new representative rate for the Italian lira;

Whereas a new representative rate is to apply with effect from 22 July 1974; whereas for various products the 1974/75 marketing year has already begun;

Whereas Regulation (EEC) No 456/74 should therefore be repealed and replaced by this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinions of the Management Committees for Oils and Fats, Cereals, Milk and Milk Products, Seeds, Wine, Fruit and Vegetables, and Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

1. This Regulation shall apply only until the beginning of the 1974/75 marketing year for the relevant product and until 15 December 1974 for wine.

2. It shall apply only to conversions into or out of Italian lira.
