REGULATION (EEC) No 1907/74 OF THE COMMISSION

on 22 July 1974

fixing the weighting coefficients to be used in calculating the prices of pig carcases on Community markets

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 121/67/EEC [1] of 13 June 1967 on the common organization of the market in pigmeat, as last amended by the Regulation (EEC) No 1652/73 [2], and in particular Article 4 (6) thereof;

Whereas the price for pig carcases on Community markets, as referred to in Article 4 (2) of Regulation No 121/67/EEC, must be established by weighting the prices recorded in each Member State by coefficients expressing the relative size of the pig population of each Member State; these coefficients should be determined on the basis of the number of pigs counted at the beginning of December each year in accordance with the Council Directive of 27 March 1968 [3] concerning surveys of pig production to be made by the Member States;

Whereas, having regard to the results of the census of the pig population of 1 December 1973, there is reason to adjust the weighting coefficients fixed by Commission Regulation (EEC) No 1852/73 [4] of 10 July 1973 fixing the weighting coefficients to be used in calculating the prices of pig carcases on Community markets;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

The weighting coefficients referred to in Article 4 (2) of Regulation No 121/67/EEC shall be as specified in the Annex to this Regulation.

Article 2

Regulation (EEC) No 1852/73 is repealed.

Article 3

This Regulation shall enter into force on 1 August 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 July 1974.

For the Commission

The President

François-Xavier ORTOLI
