REGULATION (EEC) No 2267/74 OF THE COMMISSION

of 30 August 1974

amending Commission Regulation (EEC) No 1981/74 concerning the export levy on starches

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC [1] of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 1129/74 [2];

Having regard to Council Regulation (EEC) No 1132/74 [3] of 29 April 1974 on production refunds in the cereals and rice sectors, and in particular Article 9 (a) thereof;

Whereas Commission Regulation (EEC) No 1981/74 [4] of 25 July 1974 laying down detailed rules for the application pursuant to Article 7 (2) of Regulation (EEC) No 1132/74 of an export levy on starches, provides in Article 1 that an export levy shall be fixed for starch manufactured from broken rice; whereas the conditions under which that export levy is fixed should be defined; whereas for the sake of consistency the same conditions should be specified for broken rice as those fixed for maize and common wheat;

Whereas as a result of a clerical error it is necessary to specify in the German, Danish French and Dutch versions the quantity of broken rice to which the figure of 10·20 units of account refers in the second indent of Article 1 of Regulation (EEC) No 1981/74; whereas the other versions are correct on this point;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The text of paragraph 1 of Article 2 of Regulation (EEC) No 1981/74 is replaced by the following:

'An export levy shall be introduced whenever it is found that the import levy on maize, on common wheat or on broken rice is at least 0·30 unit of account per 100 kilogrammes less than the amount of the production refund valid in the current month and that the average of the levies on the relevant product valid in the immediately following fortnight is at least 0·30 unit of account per 100 kilogrammes less than the average of the production refund valid in that fortnight'.

Article 2

The text of the second indent of Article 1 of Regulation (EEC) No 1981/74 is replaced, in the German, Danish, French and Dutch versions respectively by the following:

'— 10,20 Rechnungseinheiten je 100 kg bei Bruchreis'
'— 10,20 regningsenheder pr. 100 kilogram for brudris'
'— de 10,20 unités de compte par 100 kilogrammes pour les brisures de riz'
'— 10,20 rekeneenheden per 100 kilogram voor breukrijst'.

Article 3

This Regulation shall enter into force on 1 September 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 August 1974.

For the Commission

The President

François-Xavier ORTOLI
