REGULATION (EEC) No 2494/74 OF THE COMMISSION

of 2 October 1974

introducing a countervailing charge on table grapes originating in Bulgaria and Romania

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1035/72 [1] of 18 May 1972 on the common organization of the market in fruit and vegetables, as last amended by Regulation (EEC) No 2745/72 [2], and in particular the second subparagraph of Article 27 (2) thereof;

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0·50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances;

Whereas Commission Regulation (EEC) No 1363/74 [3] of 31 May 1974 fixing the reference prices for table grapes for the 1974 marketing year fixed the reference price for class I products at 19·8 units of account per 100 kg net for the month of October 1974;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72 and whereas the meaning of representative markets is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas it is necessary to record the prices to be taken into consideration on the representative markets referred to in Regulation (EEC) No 2118/74 [4];

Whereas for Bulgarian and Romanian table grapes the entry prices calculated in this way have remained at least 0·50 unit of account below the reference price for two consecutive market days; whereas a countervailing charge has therefore to be introduced for these table grapes;

Whereas the entry prices available at present for these two exporting countries allow the application of one charge, equal to the difference between the reference price and the arithmetic mean of the average entry prices established for each exporting country; whereas Commission Regulation (EEC) No 2486/74 [5] of 1 October 1974 introducing a countervailing charge on table grapes originating in Romania should therefore be repealed;

Whereas, if the system is to operate normally, it should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2·25 %, a rate of exchange based on their effective parity;

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph,

HAS ADOPTED THIS REGULATION:

Article 1

2. Regulation (EEC) No 2486/74 is hereby repealed.
