REGULATION (EEC) No 250/74 OF THE COMMISSION

of 30 January 1974

applying the duty in the Common Customs Tariff to lemons originating in Tunesia

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 1472/69 [1] of 23 July 1969, on imports of citrus fruit originating in Tunesia as amended by Regulation (EEC) No 2366/72 [2] and in particular Article 5 thereof;

Whereas Article 4 of Annex I to the Agreement establishing an Association between the European Economic Community and the Republic of Tunesia provides for a reduced rate of duty on imports into the Community of certain citrus fruit originating in Tunesia; whereas, during the period in which reference prices are applied, this reduction is dependent on the observance of a specified price on the Community market, whereas detailed rules for the application of this system are contained in Regulation (EEC) No 1472/69;

Whereas, in certain respects, these rules refer to provisions of Regulation No 23 which were incorporated in Council Regulation (EEC) No 1035/72 [3] of 18 May 1972 on the common organization of the market in fruit and vegetables, as last amended by Regulation (EEC) No 2745/72 [4]; whereas, in this case, reference should be made to Regulation (EEC) No 1035/72, in accordance with the table which appears in Annex IV thereto;

Whereas Regulation (EEC) No 1472/69 provides that, where one of the products listed in Article 1 of that Regulation is imported, the duty in the Common Customs Tariff is applied where quotations for that product, converted where necessary to Class 1 in accordance with the provisions of Article 24 (2) of Regulation (EEC) No 1035/72 recorded on the representative Community markets at the importer/wholesaler stage or converted to that stage, adjusted by the conversion factors and following deduction of transport costs and import charges other than customs duties, remain lower than the reference price in force, plus the incidence of the Common Customs Tariff on that price and a standard amount fixed at 1·2 units of account per 100 kilogrammes, for three consecutive market days on the representative markets of the Community with the lowest quotations;

Whereas the conversion factors, the transport costs and import charges other than customs are those used for the purpose of calculating the entry price referred to in Regulation (EEC) No 1035/72; whereas the method of calculating import charges other than customs duties is, for certain cases, defined in Article 2 (2) of Regulation (EEC) No 1472/69;

Whereas, if the levy system is to operate normally, levies should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other, at any given moment, within a band of 2·25 % a rate of exchange based on their effective parity;

— for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph;

Whereas application of these rules to quotations recorded for lemons imported into the Community and originating in Tunesia indicates that the conditions set out in the first paragraph of Article 4 of Regulation (EEC) No 1472/69 are fulfilled; whereas the duty in the Common Customs Tariff should, therefore, be applied to the products in question,

HAS ADOPTED THIS REGULATION:
